Description: This report analyzes the Global market for Server Virtualization Software in Millions of US$ by the following Host Operating Systems – Windows, Linux & Other Open Source, and Others. Annual estimates and forecasts are provided for the period of 2006 through 2015. The report profiles 35 companies including many key and niche players such as Citrix Systems, Inc., Dell, Inc., Hewlett-Packard Development Company, International Business Machines Corporation, Microsoft Corporation, Oracle Corporation, Parallels, Inc., Proxmox Server Solutions GmbH, Red Hat, Inc., and VMWARE, Inc. Market data and analytics are derived from primary and secondary research. Company profiles are mostly extracted from URL research and reported select online sources.

Please note: Reports are sold as single-site single-user licenses. The delivery time for hard copies is between 3-5 business days, as each hard copy is custom printed for the organization ordering it. Electronic versions require 24-48 hours as each copy is customized to the client with digital controls and custom watermarks.
