Asset-Based Lending and Insolvency

Description:
A unique new guide to insolvency law, legal practice and asset-based lending.

Asset-based lending has been a huge success within the UK debt market. However the onset of the international credit crisis has thrown ABL transactions into sharp focus, resulting in the need for specialist reference material and clear guidance for professionals tackling ABL and insolvency.

This timely new guide from two leading experts will prove indispensable to lawyers handling insolvency law, asset-based lenders, and insolvency practitioners.

Andrew Knight and Grant Jones unravel the legal scenarios and financial situations asset-based lenders must negotiate when dealing with an insolvent borrower. What options do you have, what legal issues determine the amount of recoverable debt, which approach is likely to ensure a successful outcome?

These questions plus many more are answered within the pages of this specialist new resource.

Asset-Based Lending and Insolvency outlines your options, and provides the practical tools and techniques to help recover debts, advances and assets - a clear competitive advantage.

Key features and benefits:
- Demonstrates the numerous options available to lenders when dealing with an insolvent borrower.
- Outlines the latest legal techniques covering all aspects of ABL and insolvency.
- Approaches, uniquely, the application of UK insolvency law from an entirely asset-based perspective.
- Supplies a clear overview of the regulatory framework for insolvency.
- Contains legal tips and suggestions for insolvency lawyers and practitioners.

Format: 234mm x 156mm

Contents:
About the authors
Preface
Abbreviations
Table of Contents
Tables of Authorities
