Gastrointestinal Stromal Tumors (GIST) - Pipeline Review, Q1 2011

Description: Gastrointestinal Stromal Tumors (GIST) - Pipeline Review, Q1 2011

Summary

Global Markets Direct's, 'Gastrointestinal Stromal Tumors (GIST) - Pipeline Review, Q1 2011', provides an overview of the Gastrointestinal Stromal Tumors (GIST) therapeutic pipeline. This report provides information on the therapeutic development for Gastrointestinal Stromal Tumors (GIST), complete with latest updates, and special features on late-stage and discontinued projects. It also reviews key players involved in the therapeutic development for Gastrointestinal Stromal Tumors (GIST). 'Gastrointestinal Stromal Tumors (GIST) - Pipeline Review, Q1 2011' is built using data and information sourced from Global Markets Direct's proprietary databases, Company/University websites, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources, put together by Global Markets Direct's team.

Scope

- A snapshot of the global therapeutic scenario for Gastrointestinal Stromal Tumors (GIST).
- A review of the Gastrointestinal Stromal Tumors (GIST) products under development by companies and universities/research institutes based on information derived from company and industry-specific sources.
- Coverage of products based on various stages of development ranging from discovery till registration stages.
- A feature on pipeline projects on the basis of monotherapy and combined therapeutics.
- Coverage of the Gastrointestinal Stromal Tumors (GIST) pipeline on the basis of therapeutic class, route of administration and molecule type.
- Profiles of late-stage pipeline products featuring sections on product description, mechanism of action and research & development progress.
- Key discontinued pipeline projects.
- Latest news and deals relating to the products.

Reasons to buy

- Identify and understand important and diverse types of therapeutics under development for Gastrointestinal Stromal Tumors (GIST).
- Identify emerging players with potentially strong product portfolio and design effective counter-strategies to gain competitive advantage.
- Plan mergers and acquisitions effectively by identifying players with the most promising pipeline.
- Devise corrective measures for pipeline projects by understanding Gastrointestinal Stromal Tumors (GIST) pipeline depth and focus of Gastrointestinal Stromal Tumors (GIST) therapeutics.
- Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope.
- Modify the therapeutic portfolio by identifying discontinued projects and understanding the factors that drove them from pipeline.

Ordering:

Order Online - http://www.researchandmarkets.com/reports/1524610/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form

To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information

Please verify that the product information is correct and select the format(s) you require.

Product Name: Gastrointestinal Stromal Tumors (GIST) - Pipeline Review, Q1 2011
Web Address: http://www.researchandmarkets.com/reports/1524610/
Office Code: SCD2FP2O

Product Formats
