System Design for Telecommunication Gateways

Description: System Design for Telecommunication Gateways provides a thorough review of designing telecommunication network equipment based on the latest hardware designs and software methods available on the market. Focusing on high-end efficient designs that challenge all aspects of the system architecture, this book helps readers to understand a broader view of the system design, analyze all its most critical components, and select the parts that best fit a particular application. In many cases new technology trends, potential future developments, system flexibility and capability extensions are outlined in preparation for the longevity typical for products in the industry.

Key features:
- Combines software and hardware aspects of the system design.
- Defines components and services supported by open-source and commercial basic and extended software platforms, including operating systems, middleware, security, routing, management layer and more.
- Focuses on disruptive technologies.
- Provides guidelines for developing software architectures based on multi-threaded, multi-process, multi-instance, multi-core, multi-chip, multi-blade and multi-chassis designs.
- Covers a number of advanced high-speed interconnect and fabric interface technologies and their commercial implementations.
- Presents different system form factors from compact pizza-box styles to medium and large bladed systems, including IBM BladeCenter, ATCA and microTCA-based chassis. Describes different mezzanine cards, such as PMC, PrPMC, XMC, AMC and others.

Contents:

Abbreviations.

1. Introduction.

2. System View.

2.1 System Architecting.

2.2 Platform-based Approach.

2.3 System Verification.

3. Hardware Technologies and Platforms.

3.1 Different Form Factors.

3.2 Stacking chassis.

3.3 Cluster Computing.

3.4 Inter-blade Interconnect.

3.5 Hardware Solutions for Data, Control and Management Planes Processing.

4 Software Technologies and Platforms.

4.1 Basic Software Platform.

4.2 Expanded Software Platform.
4.3 Single-Threaded and Multi-X Software Designs.

4.4 Partitioning OS and Virtualization.

Figures.

Tables.

Index.

Ordering:

Order Online - http://www.researchandmarkets.com/reports/1553045/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit
http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: System Design for Telecommunication Gateways
Web Address: http://www.researchandmarkets.com/reports/1553045/
Office Code: SC231Y5S

Product Format
Please select the product format and quantity you require:

| Quantity | Hard Copy (Hard Back) | USD 129 + USD 28 Shipping/Handling |

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title:  Mr ☐  Mrs ☐  Dr ☐  Miss ☐  Ms ☐  Prof ☐
First Name: __________________________________________  Last Name: __________________________________________
Email Address: * __________________________________________
Job Title: __________________________________________
Organisation: __________________________________________
Address: __________________________________________
City: __________________________________________
Postal / Zip Code: __________________________________________
Country: __________________________________________
Phone Number: __________________________________________
Fax Number: __________________________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
