Contents:
The Utility Companies (Global) analysis is the most definitive and accurate study of the Utility Companies (Global) sector in 2015.

The report is split into two sections and uses both a written and graphical analysis - analysing the 100 largest Utility Companies (Global) companies.

The Utility Companies (Global) report contains the most-up-to-date financial data and Plimsoll applies these figures to create their unique and authoritative analysis.

Indeed, the first section thoroughly scrutinises the market and this section includes the following:

- Best Trading Partners: These are companies that are winning in both sales and financial strength - for example BAYERNWERK AG has been ranked as a best trading partner in the industry.
- Sales Growth Analysis: This section reviews the fastest growing and fastest shrinking company - for example LACLEDE GROUP INC is among the fastest growing.
- Profit Analysis - Analysis of gross profit and pre-tax profit over several years and a profitability summary
comparing profits in the industry against small, medium and large companies.
- Market Size: Based on the largest 100 companies, this is a comparison between last year's market size and the most current figure (1452.4 billion).
- Rankings: The top 50 companies ranked by: Market Share, Sales Growth, Gross Profit and Pre-tax Profit.

The next section focuses on company analysis and provides an in-depth analysis of the largest companies within the Utility Companies (Global) industry.

Each business is analysed using an unequivocal model and culminates in the production of the "Plimsoll Chart". The Model uses a series of charts to graphically analyse an individual company and measure its ability to achieve sales growth while maintaining financial strength.

The "Plimsoll Chart" is a quick and dependable method of analysing a company’s financial well-being. It's simple to understand: a rising line is good news and a falling line is bad news.

Therefore, this company analysis will tell you if a company is:
- Strong or heading for failure
- Utilising their investments
- Becoming burdened by debt
- Getting the most from their resources

The Utility Companies (Global) analysis also provides you with full business name and address, names of directors and registration address.
