Highlights

General Electric Company (GE) is an industrial conglomerate. It is a diversified industrial, infrastructure and financial services corporation. The company's product and service portfolio comprises water processing and household appliances to medical imaging, industrial product, business and consumer financing, aircraft engines, oil and gas equipment and power generation. GE operates through eight reportable business segments, namely, Oil & Gas; Power & Water; Energy Management; Aviation; Healthcare; Transportation; Appliances & Lighting; and GE Capital. It operates manufacturing facilities in the US, Puerto Rico and other countries in the world. The company offers products and services globally across, Americas, Europe, Asia-Pacific, Middle East and Africa. GE is headquartered in Fairfield, Connecticut, the US.

The company's strategic intent is to expand product portfolio, through research and development activities for new products and technology development. It strives to expand geographic presence through organic and inorganic growth prospects. To this end, it completed acquisition of Avio S.p.A., a manufacturer of aviation propulsion components and system; and acquired Lufkin Industries Inc., to enhance oil and gas business.
