A Complete Guide to DB2 Universal Database. The Morgan Kaufmann Series in Data Management Systems

Description:  DB2 Universal Database (UDB) supports many different types of applications, on many different kinds of data, in many different software and hardware environments.

This book provides a complete guide to DB2 UDB Version 5 in all its aspects, including the interfaces that support end users, application developers, and database administrators. It is complementary to the IBM product documentation, providing a clear and informal explanation of how the features of DB2 were intended to be used. It is an extensive revision of the author’s earlier book, Using the New DB2: IBM’s Object-Relational Database System.

Offers complete and self-contained information, and does not assume prior knowledge of DB2, SQL, or relational database concepts
Covers elementary principles of database management as well as the advanced features of UDB, including recursive queries, constraints, triggers, user-defined datatypes, stored procedures, parallel databases, and graphical tools for database administration
Includes dozens of practical tips that will save readers many hours of work in developing database applications
Provides hundreds of tested examples written in SQL, C, C++, and Java, all of which are available on the MKP web site

Contents:
1. Introduction
2. Basics
3. Interactive SQL
4. Static SQL
5. Query Power
6. Datatypes and Functions
7. Active Data
8. Dynamic SQL
9. Stored Procedures
10. Database Administration
Appendix A: Special Registers
Appendix B: Functions
Appendix C: Typecodes
Appendix D: System Catalog Tables
Appendix E: Syntax for Host Variable Declarations in C and C++
Appendix F: IBM Publications

Ordering:
Order Online - http://www.researchandmarkets.com/reports/1734176/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

- Product Name: A Complete Guide to DB2 Universal Database. The Morgan Kaufmann Series in Data Management Systems
- Web Address: http://www.researchandmarkets.com/reports/1734176/
- Office Code: SC93JQZ5

Product Format
Please select the product format and quantity you require:

| Quantity       | Hard Copy (Paper back): USD 87 + USD 28 Shipping/Handling |

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in BLOCK CAPITALS

- Title: Mr [ ] Mrs [ ] Dr [ ] Miss [ ] Ms [ ] Prof [ ]
- First Name: __________________________ Last Name: __________________________
- Email Address: * __________________________
- Job Title: __________________________
- Organisation: __________________________
- Address: __________________________
- City: __________________________
- Postal / Zip Code: __________________________
- Country: __________________________
- Phone Number: __________________________
- Fax Number: __________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
