Design Patterns for Embedded Systems in C

Description: A recent survey stated that 52% of embedded projects are late by 4-5 months. This book can help get those projects in on-time with design patterns. The author carefully takes into account the special concerns found in designing and developing embedded applications specifically concurrency, communication, speed, and memory usage. Patterns are given in UML (Unified Modeling Language) with examples including ANSI C for direct and practical application to C code.

A basic C knowledge is a prerequisite for the book while UML notation and terminology is included. General C programming books do not include discussion of the contraints found within embedded system design. The practical examples give the reader an understanding of the use of UML and OO (Object Oriented) designs in a resource-limited environment. Also included are two chapters on state machines. The beauty of this book is that it can help you today.

Design Patterns within these pages are immediately applicable to your project
Addresses embedded system design concerns such as concurrency, communication, and memory usage
Examples are contain ANSI C for ease of use with C programming code

Contents:
Chapter 1: What Is Embedded Programming?
Chapter 2: Embedded Programming with the Harmony/Embedded Development Process
Chapter 3: Design Patterns for Accessing the Hardware
Chapter 4: Design Patterns for Embedding Concurrency
Chapter 5: Design Patterns for Embedding Distribution
Chapter 6: Design Patterns for Memory
Chapter 7: Design Patterns for State Machines I: Implementing State Machines
Chapter 8: Design Patterns for State Machines II: Optimizing State Machines
Appendix A: UML Notation

Ordering:
Order Online - http://www.researchandmarkets.com/reports/1759476/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
