Statistical Design - Chemometrics, Vol 25. Data Handling in Science and Technology

Description: Statistical Design-Chemometrics is applicable to researchers and professionals who wish to perform experiments in chemometrics and carry out analysis of the data in the most efficient way possible. The language is clear, direct and oriented towards real applications. The book provides 106 exercises with answers to accompany the study of theoretical principles. Forty two cases studies with real data are presented showing designs and the complete statistical analyses for problems in the areas chromatography, electroanalytical and electrochemistry, calibration, polymers, gas adsorption, semiconductors, food technology, biotechnology, photochemistry, catalysis, detergents and ceramics. These studies serve as a guide that the reader can use to perform correct data analyses.

Provides 42 case studies containing step-by-step descriptions of calculational procedures that can be applied to most real optimization problems
Contains 106 theoretical exercises to test individual learning and to provide classroom exercises and material for written tests and exams
Written in a language that facilitates learning for physical and biological scientists and engineers
Takes a practical approach for those involved in industrial optimization problems

Contents:
1. How statistics can help
2. When the situation is normal
3. Changing everything at the same time
4. When there are many variables
5. Empirical model-building
6. Exploring the response surface
7. Mixtures modeling
8. Simplex optimization

Ordering:
Order Online - http://www.researchandmarkets.com/reports/1763683/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Statistical Design - Chemometrics, Vol 25. Data Handling in Science and Technology
Web Address: http://www.researchandmarkets.com/reports/1763683/
Office Code: SCBRGXLU

Product Format
Please select the product format and quantity you require:

<table>

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

<table>
