Indoles. Best Synthetic Methods

Description: Indoles continue to be of great interest to the pharmaceutical industry and at the current time several thousand specific new derivatives are reported annually. Research has been driven by the wide range of indole derivatives which occur in nature and through the biological activity of many indole derivatives, of both natural and synthetic origin. This book provides a systematic guide to the most useful and important reactions in the field for both synthesis and synthetic modification of the indole ring. While including the most recently developed and promising methods, it also updates information available on classical methods to give the reader an up-to-date and comprehensive view of the subject. The methods are illustrated by procedures drawn from the literature and by tables including examples chosen to indicate both the scope of applicability and variations in methodology. The organization of the book is based on the retrosynthetic concept of identifying the bond(s) formed in the reaction, which in turn identifies potential starting materials.

Key Features
- Includes systematic summaries of the most important methods for the construction of indoles from aromatic precursors
- Discusses methods for preparing indoles by annelation of pyrroles
- Covers methods for adding or modifying substituent groups, including methods for introducing the tryptamine and tryptophan side-chains
- Examines reduction/oxidation reactions that are specific for indoles
- Considers use of cycloaddition reactions for synthetic elaboration of indoles

Ordering:
- Order Online - http://www.researchandmarkets.com/reports/1766454/
- Order by Fax - using the form below
- Order by Post - print the order form below and send to

Research and Markets,  
Guinness Centre,  
Taylors Lane,  
Dublin 8,  
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Indoles. Best Synthetic Methods
Web Address: http://www.researchandmarkets.com/reports/1766454/
Office Code: SCDKUQ4D

Product Format
Please select the product format and quantity you require:

Quantity
Hard Copy (Hard Back): USD 117 + USD 29 Shipping/Handling

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
