Mobile Agents

Description: Mobile agents are software nomads that act as your personal representative, working autonomously through networks. They are able to visit network nodes directly using available computing power and are not limited by platform. This emerging field is now poised to become a cornerstone for new Web-based ubiquitous computing environments. Mobile Agents provides a practical introduction to mobile agent technology and surveys the state of the art in mobile agent research. Students and researchers can use the book as an introduction to the concepts and possibilities of this field and as an overview of ongoing research. Developers can use it to identify the capabilities of the technology to decide if mobile agents are the right solution for them. Practitioners can also gain hands-on experience in programming mobile agents through exploration of the source code for a complete mobile agent environment available through the companion website.

Summarizes the state of the art in mobile agent research
Identifies the benefits and limitations of current mobile agent technology to help developers understand the possibilities of this new field
Extensive mobile agents web portal (www.mobile-agents.org) with the Java source code for a complete industrial-quality environment for mobile agents, with significant parts of the system open source

Contents:
Part I Motivation for and Introduction to Mobile Agents
  1 Designing Innovative Distributed Systems
  2 From Client-Server to Mobile Agents
Part II Mobile Agents?Concepts, Functions, and Possible Problems
  3 Mobile Agent Migration
  4 Mobile Agent Communication
  5 Mobile Agent Security
Part III The Kalong Mobility Model?Specification and Implementation
  Chapter 6 Specifications of the Kalong Mobility Model
  Chapter 7 Using Kalong
  Chapter 8 Evaluation
Part IV The Tracy Mobile Agent Toolkit
  Chapter 9 Running a Tracy Agency
  Chapter 10 Programming Agents with Tracy

Ordering:
Order Online - http://www.researchandmarkets.com/reports/1768250/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct and select the format(s) you require.

<table>
