Practical Grounding, Bonding, Shielding and Surge Protection

Description: This book will allow you to gain practical skills and know-how in grounding, bonding, lightning & surge protection. Few topics generate as much controversy and argument as that of grounding and the associated topics of surge protection, shielding and lightning protection of electrical and electronic systems. Poor grounding practice can be the cause of continual and intermittent difficult-to-diagnose problems in a facility. This book looks at these issues from a fresh yet practical perspective and enables you to reduce expensive downtime on your plant and equipment to a minimum by correct application of these principles.

Learning outcomes:
- Apply the various methods of grounding electrical systems
- Detail the applicable national Standards
- Describe the purposes of grounding and bonding
- List the types of systems that cannot be grounded
- Describe what systems can be operated ungrounded
- Correctly shield sensitive communications cables from noise and interference
- Apply practical knowledge of surge and transient protection
- Troubleshoot and fix grounding and surge problems
- Design, install and test an effective grounding system for electronic equipment
- Understand lightning and how to minimize its impact on your facility
- Protect sensitive equipment from lightning

An engineer’s guide to earthing, shielding, lightning and surge protection designed to deliver reliable equipment and communications systems that comply with international and national codes.

Discover how to reduce plant downtime and intermittent faults by implementing best-practice grounding/earthing techniques

Learn the principles of cable shielding in communication networks

Contents:
- Introduction and Basics
- Recommended Design and Installation Practices
- Fundamentals of Grounding for Building Electrical Systems
- Typical Rules to be Applied
- Grounding and Noise Control
- Electrical Faults
- Applications of Grounding and Bonding
- Lightning
- Surge andTransient Protection
- Power Conditioning

Ordering:
Order Online - [http://www.researchandmarkets.com/reports/1769716/](http://www.researchandmarkets.com/reports/1769716/)

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

- **Product Name:** Practical Grounding, Bonding, Shielding and Surge Protection
- **Web Address:** [http://www.researchandmarkets.com/reports/1769716/](http://www.researchandmarkets.com/reports/1769716/)
- **Office Code:** SC6I2WL

Product Format
Please select the product format and quantity you require:

<table>
