Practical Power System Protection

Description: Plant operators, electricians, field technicians and engineers will gain a practical understanding of the role and workings of power system protection systems from this work. An understanding of power systems and their optimized management will increase plant efficiency and performance as well as increasing safety levels. This book provides both the underpinning knowledge and basic calculations needed to understand, specify, use and maintain power protection systems, and the practical techniques required on a daily basis.

After studying this book you will have an excellent knowledge of the principles of protection. You will also have a better understanding of the possible problems likely to arise in day-to-day work with power protection systems.

Key areas of knowledge and expertise developed will include:
- Fundamentals of electrical power protection and applications
- Different fault types
- Perform simple fault and design calculations
- Practical knowledge of protection system components
- Apply relay settings
- Improve the safety of your site with the knowledge gained

Increase plant efficiency, performance and safety levels by developing your understanding of power system protection
- Gain a practical knowledge of the engineering challenges of power system protection: fault types, component types, relay settings, etc.
- Coverage includes both the fundamentals and the basic fault and design calculations needed to specify, use and maintain power protection systems

Ordering:
Order Online - http://www.researchandmarkets.com/reports/1769751/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Practical Power System Protection
Web Address: http://www.researchandmarkets.com/reports/1769751/
Office Code: SC6IOFO

Product Format
Please select the product format and quantity you require:

| Quantity | Hard Copy (Paper back): | USD 67 + USD 29 Shipping/Handling |

* Shipping/Handling is only charged once per order.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number: 833 130 83
Sort code: 98-53-30
Swift code: ULSBIE2D
IBAN number: IE78ULSB98533083313083
Bank Address: Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
