Indian Energy Management - Fundamentals of Industry Now Threatened

Description: A cursory look at the Indian energy scenario would readily reveal the fact that India is now steadily moving towards a stressful period of energy crisis. What is even more alarming is the fact that adequate and innovative forward planning measures are yet to be implemented to face the impending energy crisis with the urgency that it deserves.

This publication has been prepared on the basis of extensive desk research and investigation.

This publication discusses the challenges, opportunities and options in the Indian energy front with facts and figures, explanatory note and critical comments and suggestions.

Contents:
- Indian energy scenario at the cross roads
- Indian macroeconomic trends
- Power scenario
  - Thermal power
  - Hydro electric power
  - Nuclear
  - Renewable sources
  - Others
- Coal scenario
