Tech-Orientation of Bank of Baroda. Edition No. 1

Description: The old world of Banking has changed considerably. The forces of globalization and technology have resulted in increasing integration of economies across the world. Today, banks are no more competing locally, but in the global market place. It is important for banks to adapt to this new environment. The book is written considering the vibrant and robust technological orientation of Bank of Baroda. The objectives of working on the project to assess the shift of the technological boundary of Bank of Baroda, to highlight the wide and sound modern network of the bank and to judge the employees' perception about the modernisation through a sample survey. Interested persons can easily go through the book for knowledge acquisition.
