Mobile Spatial coordinate Measuring System. Edition No. 1

Description: The field of large scale metrology can be defined as the metrology of objects whose linear dimensions range from tens to hundreds of meters. The classical approach to large-scale metrology consists in the use of centralized measurement systems. A centralized system is essentially a stand alone unit working independently to provide dimensional measurement. Often it is difficult to move and its working volume is inevitably limited by the technology used. This book arises from the research activity developed on a new system prototype for large-scale dimensional measurement. The Mobile Spatial coordinate Measuring System (MScMS) is composed by several metrology stations that are lightweight, portable, adaptable to different working environments. These devices can be positioned in the desired layout providing unique features of flexibility to the systems. The novelty of the system is that of reversing the classical approach to the problem of dimensional measurement. The possibility of customizing the working volume, the system scalability, and the possibility of managing multiple concurrent measurements make this system interesting for a variety of industrial problems.

Order by Fax - using the form below

Order by Post - print the order form below and send to

    Research and Markets,
    Guinness Centre,
    Taylors Lane,
    Dublin 8,
    Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
