Immunopathology of liver fibrosis. Edition No. 1

Description:
Mammalian monocytes consists of two major subsets based on their functions and their chemokine receptor expressions. The functional role of these subsets are currently unknown during liver fibrogenesis. Immunopathogenesis is an important epiphenomena which modulates the course of any injury or infection. In this experimental model of liver injury the author provided experimental evidences that the role of innate immune response which mainly consists of monocytes rapidly migrates to the site of liver injury and modulates the course of injury. Also the recruitment of these monocyte subsets are critically depends on the chemokine receptor-2. This scientific study for the first time provides, important clues about the role of innate immune cells especially the monocytes for liver fibrogenesis. Also this study opens up new windows for the future drug development for controlling liver fibrosis at the early stage.

Ordering:
Order Online - http://www.researchandmarkets.com/reports/1918499/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
