Heparanase in Liver Fibrosis. Edition No. 1

Description: Liver fibrosis is a severe medical problem, which currently doesn't have enough biological markers to accurately detect its progression. This fact is one of the greatest factors preventing the improvement of therapies available today. This book, therefore, suggests an enzyme called Heparanase, as a new biological marker for the progression and regression of liver fibrosis. In previous studies, Haparanase was shown to have a role in a wide range of normal and pathological processes, such as, angiogenesis, tumor metastasis and wound healing responses. Expressions of heparanase and key extracellular matrix (ECM) remodeling enzymes were analyzed in fibrotic rats, hepatic stellate cell (HSC) lines and heparanase over-expressing HSC lines. Heparanase activity and cell localization in activated HSCs were analyzed as well. The analyses should help shed some light on this new and exciting possible role of heparanase in liver fibrosis and recovery, and should be especially useful to students and professionals in Medical Sciences and Biology fields, or anyone else who may be interested in learning more about the biology behind liver fibrosis, or how studies are done in these fields.

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
