**A Handbook of Magnetochemical Formulae**

**Description:** Magnetochemistry is concerned with the study of magnetic properties in materials. It investigates the relationship between the magnetic properties of chemical compounds and their atomic and molecular structure. This rapidly growing field has a number of applications, and the measuring and interpreting of magnetic properties is often conducted by scientists who are not specialists in the field. Magnetochemistry requires complex mathematics and physics and so can be daunting for those who have not previously studied it in depth. Aimed at providing a single source of information on magnetochemistry, this book offers a comprehensive and contemporary review of the mathematical background and formula for predicting or fitting magnetic data, including a summary of the theory behind magnetochemistry to help understand the necessary calculations. Along with tables listing the key formula, there is also a model of the magnetic functions showing the effect of individual magnetic parameters. The clear structure and comprehensive coverage of all aspects of magnetochemistry will make this an essential book for advanced students and practitioners.

- Provides comprehensive overview of the mathematical background of magnetochemistry
- Uses clear and accessible language so scientists in a variety of fields can utilize the information
- Detailed explanations of equations and formula

**Contents:**

1: Molecular symmetry
2: Coupling coefficients
3: From operators to response functions
4: Free-atom energy levels
5: Crystal field theory
6: Magnetism of mononuclear spin systems
7: Magnetic angular momentum
8: Magnetism of manifold term systems
9: Magnetism of polynuclear spin systems
10: Spin algebra for the exchange interaction
11: Symmetry of the spin system
12: Magnetism of dinuclear spin systems
13: Magnetism of trinuclear spin systems
14: Magnetism of polyhedral spin systems
15: Magnetism of chains and rings

**Ordering:**

Order Online - [http://www.researchandmarkets.com/reports/1951437/](http://www.researchandmarkets.com/reports/1951437/)

Order by Fax - using the form below

Order by Post - print the order form below and send to
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
