Fixed Line Telecoms in Germany

Description: Introduction

Fixed Line Telecoms in Germany industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2011-15, and forecast to 2020). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market. Essential resource for top-line data and analysis covering the Germany fixed line telecoms market. Includes market size and segmentation data, textual and graphical analysis of market growth trends, leading companies and macroeconomic information.

Highlights

- The fixed-line telecommunications market is valued as the revenues obtained by operators for voice telephony and other non-voice information transmission using fixed lines (wirelines), rather than wireless systems. Only revenues from end-users are included, with revenues from other operators, as in wholesale transactions, excluded. Revenues from internet services and value-added services are included. Market volumes represent the number of fixed-line telephones. All currency conversions were carried out at constant 2014 average annual exchange rates.

- The German fixed line telecoms market is forecast to generate total revenues of $20.3bn in 2015, representing a compound annual rate of change (CARC) of -6.8% between 2011 and 2015.

- Market consumption volume is forecast to decline with a CARC of -3.2% between 2011-2015, to reach a total of 49.3 million subscription in 2015.

- The performance of the market is forecast to decline further but at a slower pace, with an anticipated CARC of -0.8% for the five-year period 2015 - 2020, which is expected to drive the market to a value of $19.5bn by the end of 2020.

Features
