Fixed Line Telecoms in Mexico industry profile provides top-line qualitative and quantitative summary information including: market size (value 2010-14, and forecast to 2019). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market. Essential resource for top-line data and analysis covering the Mexico fixed line telecoms market. Includes market size data, textual and graphical analysis of market growth trends, leading companies and macroeconomic information.

Highlights

- The fixed-line telecommunications market is valued as the revenues obtained by operators for voice telephony and other non-voice information transmission using fixed lines (wirelines), rather than wireless systems. Only revenues from end-users are included, with revenues from other operators, as in wholesale transactions, excluded. Revenues from internet services and value-added services are included. Market volumes represent the number of fixed-line telephones. All currency conversions were carried out at constant 2013 average annual exchange rates.

- The Mexican fixed line telecoms market had total revenues of $9.6bn in 2014, representing a compound annual rate of change (CARC) of -0.9% between 2010 and 2014.

- Market volume increased with a CAGR of 0.6% between 2010 and 2014, to reach a total of 20.3 million fixed line telephones in 2014.

- The performance of the market is forecast to decline further but at a slower pace, with an anticipated CARC of -0.6% for the five-year period 2014 - 2019, which is expected to drive the market to a value of $9.4bn by the end of 2019.
