The Faces of Terrorism. Multidisciplinary Perspectives

Description: In The Faces of Terrorism, an international selection of experts, from a variety of disciplines, provide professional perspectives on a range of issues surrounding terrorism today. While focusing on current concerns with terrorism that has its roots in Islam, the book also explores links between organized crime and radical violence, and examines a variety of terrorist acts beyond bombing, such as kidnapping for ransom and cyberterrorism. The contributors also examine the dynamics of social networks, which have come to play an essential role for terrorist groups. The subtleties of all these processes are illustrated with fascinating case studies of terrorists around the globe.

This book offers a much needed account of a growing consensus across different disciplines about the variegated nature of terrorism. Bringing together state–of–the–field perspectives on this increasingly important topic, it shows that counter–insurgency activities need to embrace the public rhetoric that castigates terrorism, as well as engage with processes that could potentially place people on pathways to violent political action.

Contents:

List of Contributors.

Preface.

1. The Multi–Facetted Nature of Terrorism: An Introduction (David Canter).

2. From Naïvety to Insurgency: Becoming a Paramilitary in Northern Ireland (Neil Ferguson, and Mark Burgess).

3. The Rhetorical Foundation of Militant (Sudhanshu Sarangi and David Canter).

4. Case study: The Puzzling Case (from a Western Perspective) of Lone Terrorist Faheem Khalid Lodhi (Clive Williams).

5. The Primacy of Grievance as A Structural Cause Of Oppositional Political Terrorism: Comparing Al Fatah, Farc, and Pira (Jeffrey Ian Ross).

8. Terrorist Networks and Small Group Psychology (Sam Mullins).
