Time Series. Applications to Finance with R and S-Plus. 2nd Edition

Description:
A new edition of the comprehensive, hands-on guide to financial time series, now featuring S-Plus® and R software.

Time Series: Applications to Finance with R and S-Plus®, Second Edition is designed to present an in-depth introduction to the conceptual underpinnings and modern ideas of time series analysis. Utilizing interesting, real-world applications and the latest software packages, this book successfully helps readers grasp the technical and conceptual manner of the topic in order to gain a deeper understanding of the ever-changing dynamics of the financial world.

With balanced coverage of both theory and applications, this Second Edition includes new content to accurately reflect the current state-of-the-art nature of financial time series analysis. A new chapter on Markov Chain Monte Carlo presents Bayesian methods for time series with coverage of Metropolis-Hastings algorithm, Gibbs sampling, and a case study that explores the relevance of these techniques for understanding activity in the Dow Jones Industrial Average. The author also supplies a new presentation of statistical arbitrage that includes discussion of pairs trading and cointegration. In addition to standard topics such as forecasting and spectral analysis, real-world financial examples are used to illustrate recent developments in nonstandard techniques, including:
- Nonstationarity
- Heteroscedasticity
- Multivariate time series
- State space modeling and stochastic volatility
- Multivariate GARCH
- Cointegration and common trends

The book's succinct and focused organization allows readers to grasp the important ideas of time series. All examples are systematically illustrated with S-Plus® and R software, highlighting the relevance of time series in financial applications. End-of-chapter exercises and selected solutions allow readers to test their comprehension of the presented material, and a related Web site features additional data sets.

Time Series: Applications to Finance with R and S-Plus® is an excellent book for courses on financial time series at the upper-undergraduate and beginning graduate levels. It also serves as an indispensable resource for practitioners working with financial data in the fields of statistics, economics, business, and risk management.

Contents:
- List of Figures.
- List of Tables.
- Preface.
- Preface to the First Edition.
- 1 Introduction.
- 1.1 Basic Description.
- 1.2 Simple Descriptive Techniques.
- 1.3 Transformations.
- 1.4 Example.
- 1.5 Conclusions.
6 Forecasting.
6.1 Introduction.
6.2 Simple Forecasts.
6.3 Box and Jenkins Approach.
6.4 Treasury Bill Example.
6.5 Recursions.
6.6 Exercises.
7 Spectral Analysis.
7.1 Introduction.
7.2 Spectral Representation Theorems.
7.3 Periodogram.
7.4 Smoothing of Periodogram.
7.5 Conclusions.
7.6 Exercises.
8 Nonstationarity.
8.1 Introduction.
8.2 Nonstationarity in Variance.
8.3 Nonstationarity in Mean: Random Walk with Drift.
8.4 Unit Root Test.
8.5 Simulations.
8.6 Exercises.
9 Heteroskedasticity.
9.1 Introduction.
9.2 ARCH.
9.3 GARCH.
9.4 Estimation and Testing for ARCH.
9.5 Example of Foreign Exchange Rates.
9.6 Exercises.
10 Multivariate Time Series.
10.1 Introduction.
10.2 Estimation of μ and G.
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB9853308313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
