
Description: The 2012 NESC Handbook, Seventh Edition, edited by Allen Clapp, is an essential companion to the Code. It gives users insight into what lies behind the NESC's rules and how to apply them. The Handbook was developed for use at many levels in the electric and communication industries, including those involved in system design, construction, maintenance, inspection, standards development and worker training. The Handbook also discusses how the NESC Committee has interpreted the rules in the Code and responded to change proposals during the past 90 years. This allows users to understand how questions they may have were dealt with in the past. The Seventh Edition includes provisions for loading on warm island utility installations located between 25 degrees North and 25 degrees South latitudes and revised minimum approach distance requirements based upon recent research.

Ordering: Order Online - http://www.researchandmarkets.com/reports/2181890/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/
