The Dyslexic Adult: Interventions and Outcomes - An Evidence-based Approach. 2nd Edition

Description:

Now in its second edition, The Dyslexic Adult: Interventions and Outcomes encompasses the enormous changes in the understanding of dyslexia at both cognitive and neurological levels. New understanding of dyslexia as a complex syndrome has spurred an international shift towards evidence based practice. The authors' commitment to this is reflected in their approach, which relies on primary sources to underpin assessment, counselling and training.

The authors argue for the importance of understanding dyslexia within the context of life span development psychology. Establishing a sound theoretical model on which good practice should be based; they provide a clear guide to assessments that can be conducted, and the ways in which dyslexic adults can be supported in selection, training, education and employment. They also include coverage of overlapping syndromes (dyspraxia, dyscalculia), and provide up-to-date check lists for syndromes that can be used as part of the assessment process. The result is a book that provides the definitive guide for psychologists, specialist tutors, teachers, coaches and human resource personnel wanting to understand, and work with, dyslexic adults.

Contents:

Preface to the Second Edition xv
Preface to the First Edition xvii
Acknowledgements xix
Prologue xxi
1 Dyslexia in the Adult Years 1
Introduction 1
History 5
Terminology 6
Defining Dyslexia 6
Evidence-based Practice 8
The Nature of Dyslexia: Behavioural Characteristics 10
Observable Behavioural Characteristics 11
Affective Characteristics 12
Positive Characteristics 13
Behavioural Characteristics: Empirical Evidence 15
Explaining Characteristics 15
Biology and Neurology 15
Cognition 17
Dyslexia: A Working Memory Model 19
Checklists 57
Computer–based Tests 58
LADS Plus Version 58
StudyScan and QuickScan 58
Individually Administered Tests 59
York Adult Assessment Battery 59
Dyslexia Adult Screening Test (DAST) 60
Scholastic Abilities Test for Adults (SATA) 60
Formal Diagnosis 61
Testing Intelligence 62
WAIS–IV 63
Verbal Tests 64
Working Memory Tests 64
Perceptual Reasoning Tests 64
Processing Speed 64
The Global Composite Full Scale IQ 64
The Specific Composite Index Scores 65
The Sub–test Level WAIS–IV as an Ipsative Test 65
The Item Level and Task Cognitive Capacities 66
Abbreviated Scales 67
Tests for Teachers 68
Further Psychological Testing 68
Phonological Processing and Naming Speed 68
Memory Ability 69
Executive Functioning 70
Achievements in Literacy and Numeracy 71
Reading 71
Reading Levels 71
The Components of a Reading Assessment 73
Decoding 73
Comprehension 74
Listening Comprehension 75
Improving Quantative Literacy 156
A Dyslexic Person’s Perspective 158
Coaches Comment 160
Summary 160
7 Academic and Professional Learning Skills 162
Introduction 162
The Keys to Success in Higher and Professional Education 164
The Importance of Metacognition 164
Self-understanding and Self-reflection 164
Self Reflection Attribution and Self Efficacy 165
Learning and Working Styles 166
Cognitive Learning Differences 166
Behavioural Learning Styles 166
Time Management 167
Organisation of Work 167
Reading 168
Critical Reading Skills 170
Comprehending Diagrammatic and Tabular Formats 171
Essay Writing 172
Understanding the Task Question Analysis and Process Words 173
Proofreading 174
Grammar and Punctuation 175
Spelling 175
Listening Comprehension 176
Note Taking 177
Note Making 179
Revision and Memory Skills 180
Examinations 182
Statistics 184
Presentations 185
Working in a Group 186
