The Top 25 Global Energy & Communications Infrastructure Projects: Project Guide

Description:
Synopsis
The Top 25 Global Energy & Communications Infrastructure Projects: Project Guide' contains information on the scope of the top 25 energy & communications infrastructure construction projects including project overviews and locations. The report also details project ownership and funding, gives full project descriptions, as well as information on contracts, tendering and key project contacts.

'The Top 25 Global Energy & Communications Infrastructure Projects: Project Guide' is part of World Market Intelligence's database of 25,000+ construction projects. Our database includes a 10+ year archive of completed projects, full coverage of all global projects with a value greater than $50 million and key contact details for project managers, owners, consultants, contractors and bidders.

Summary
'The Top 25 Global Energy & Communications Infrastructure Projects: Project Guide' is a crucial resource for industry executives and anyone looking to access key information about the global top 25 energy & communications infrastructure construction projects.

'The Top 25 Global Energy & Communications Infrastructure Projects: Project Guide' report utilizes a wide range of primary and secondary sources, which are analyzed and presented in a consistent and easily accessible format. WMI strictly follows a standardized research methodology to ensure high levels of data quality and these characteristics guarantee a unique report.

Scope
This report provides details on the global top 25 energy & communications infrastructure projects including:
- Top 25 construction projects in the energy & communications infrastructure category
- Project description, overview and location of each individual project
- Ownership structure, funding status and key funding news for each individual project
- Information on related projects and tendering information
- Key project contact details

Reasons To Buy
- Access to information on the global top 25 energy & communications infrastructure construction projects
- Gain insight into the global top 25 energy & communications infrastructure construction projects
- Monitor the latest project developments
- Identify key project contacts
