
Description: Plant Breeding Reviews, Volume 22 presents state-of-the-art reviews on plant genetics and the breeding of all types of crops by both traditional means and molecular methods. The emphasis of the series is on methodology, a practical understanding of crop genetics, and applications to major crops.

Contents: List of Contributors.

1. Dedication: Denton E. Alexander;
   Teacher, Maize Geneticist, and Breeder (Robert J. Lambert).

   I. The Meaning of Heritability.
   II. Response to Selection.
   III. Covariances of Relatives.
   IV. Variance Among Selection Units.
   V. Estimating Heritability as a Function of Variance Components.
   VI. Estimating Heritability from Parent-Offspring Regression.
   VII. Estimating Realized Heritability.
   VIII. Examples of Heritability Estimates.

Appendices.

Literature Cited.

   I. Introduction.
   II. Genetic Model.
   III. Least Squares Estimation.
   IV. Maximum Likelihood Analysis.
   V. Bayesian Analysis.
   VI. Discussion and Conclusions.

Literature Cited.

   I. Introduction.
   II. Germplasm Resources.
III. Improvement Objectives.

IV. Breeding Techniques.

V. Future Prospects.

Literature Cited.

   I. Introduction.

   II. Wheat Stem Sawfly.

   III. Wheat Midge.

   IV. Hessian Fly.

   V. Russian Wheat Aphid.

   VI. Greenbug.

   Literature Cited

   I. Introduction.

   II. Evolution and Taxonomy.

   III. Reproductive Development.

   IV. Cytogenetics and Genomes.

   V. Genetic Resources.

   VI. Breeding Peanut.

   VII. Summary.

   Literature Cited.

7. History and Breeding of Table Beet in the United States (I. L. Goldman and J. P. Navazio).

   I. Introduction.

   II. Crop Origins.

   III. Horticulture of Table Beet.

   IV. Genetics and Breeding.

   V. Breeding Methods.

   VI. Future Directions.

   Literature Cited.

8. Yeast as a Molecular Genetic System for Improvement of Plant Salt Tolerance (Tracie K. Matsumoto, Ray A. Bressan, P. M. Hasegawa, and Jose M. Pardo).

   I. Introduction.
II. Yeast Complementation.

III. Orthologous Plant and Yeast Genes.

IV. Similarity of Cellular Salt Tolerance in Plants and Yeast.

Literature Cited.

Ordering:

Order Online - http://www.researchandmarkets.com/reports/2213935/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Web Address: http://www.researchandmarkets.com/reports/2213935/
Office Code: SCD2OL4C

Product Format
Please select the product format and quantity you require:

Quantity
Hard Copy (Hard Back):

USD 309 + USD 29 Shipping/Handling

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title: Mr □ Mrs □ Dr □ Miss □ Ms □ Prof □
First Name: __________________________ Last Name: __________________________
Email Address: * __________________________
Job Title: __________________________
Organisation: __________________________
Address: __________________________
City: __________________________
Postal / Zip Code: __________________________
Country: __________________________

Fax Number: __________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
