
Description: This new resource provides a basic foundation in small animal anatomy for students of veterinary medicine, animal science, and veterinary technology. Extraordinary accuracy and beautiful original artwork make this a truly unique learning tool that includes the anatomy of all organ systems in the dog, cat, rabbit, rat, and guinea pig – all described in a consistent manner.

Learning features include: carefully selected labeling helps students learn and remember structures and relationships; male and female of species are depicted on facing pages so topographic anatomy can be compared; structures common to various animals are labeled several times, whereas unique structures are labeled on one or two species so students can make rapid distinctions of the structures peculiar to certain animals; and an introduction that provides readers with a background in nomenclature and anatomic orientation so they can benefit from the atlas even if they lack training in anatomy.

The Atlas depicts topographic relationships of major organs in a simple, yet technically accurate presentation that’s free from extraneous material so that those using the atlas can concentrate on the essential aspects of anatomy. It will be an invaluable resource for veterinary students, teachers and practitioners alike.

Contents:

Section 1.

The Dog.

Plate 1.1 Lateral view of the dog (Beagle).
Plate 1.2 Lateral view of the bitch (Retriever).
Plate 1.3 Body regions.
Plate 1.4 Skeleton.
Plate 1.5 Cutaneous muscles and major fasciae the dog.
Plate 1.6 Superficial muscles of the bitch.
Plate 1.7 Deep muscles of the dog.
Plate 1.8 Deep cervical muscles, major joints, and in situ viscera of the bitch.
Plate 1.9 Paraxial view of the third digit.
Plate 1.10 Palmar views of the major structures of the forepaw; plantar view of the major structures of the hiddpaw.
Plate 1.11 Median section of the head, and dentition.
Plate 1.12 The eye and accessory ocular structures.
Plate 1.13 The nose.
Plate 1.14 The ear.
Plate 1.15 Mouth and tongue and esophagus.
Plate 1.16 Ventral view of the abdomen and its structures.
Plate 1.17 Large intestine, anus and anal sacs.
Plate 1.18 Body cavities and serous membranes.
Plate 1.19 Thoracic, abdominal and pelvic viscera related to the skeleton of the dog.
Plate 1.20 Thoracic, abdominal and pelvic viscera, and mammary glands of the bitch.
Plate 1.21 Hip joint.
Plate 1.22 Location of major endocrine organs.
Plate 1.23 Relations of the reproductive organs of the dog.
Plate 1.24 Relations of the reproductive organs of the bitch.
Plate 1.25 Major veins.
Plate 1.26 Major arteries.
Plate 1.27 Lymph nodes and vessels.
Plate 1.28 Central and somatic nervous system.
Plate 1.29 Autonomic nervous system.
Plate 1.30 Brain, dorsal, ventral and lateral views.

Section 2.
The Cat.
Plate 2.1 Lateral view of the male cat (Moggie–nonpedigree).
Plate 2.2 Lateral view of the female cat (Persian).
Plate 2.3 Endocrine organs and lymph nodes.
Plate 2.4 Skeleton.
Plate 2.5 Cutaneous muscles and major fasciae of the male.
Plate 2.6 Superficial muscles of the female.
Plate 2.7 Middle muscles and in situ viscera of the male.
Plate 2.8 Deep muscles and in situ viscera of the female.
Plate 2.9 Median section of the head, and dentition.
Plate 2.10 Oral cavity, tongue, pharynx and esophagus.
Plate 2.11 The external, middle, and inter ear.
Plate 2.12 The eye and accessory ocular structures.
Plate 2.13 Isolated stomach and intestines.
Plate 2.14 Large intestine, anus and anal sacs.
Plate 2.15 Superficial and deep structures of the paw (foot) lateral view.
Plate 2.16 Plantar views of the major structures of forepaw and hindpaw.
Plate 2.17 Thoracic, abdominal and pelvic viscera related to the skeleton of the male.
Plate 2.18 Thoracic, abdominal and pelvic viscera, related to the skeleton of the female.
Plate 2.19 Relations of the reproductive organs of the male.
Plate 2.20 Relations of the reproductive organs of the female.
Plate 2.21 Major veins.
Plate 2.22 Major arteries.
Plate 2.23 Central and peripheral nervous system.
Plate 2.24 Brain, dorsal, ventral and lateral views.

Section 3.
The Rabbit.
Plate 3.1 Lateral view.
Plate 3.2 Body regions.
Plate 3.3 Skeleton.
Plate 3.4 Endocrine organs and lymph nodes.
Plate 3.5 Superficial muscles of the male.
Plate 3.6 Deep muscles of the female.
Plate 3.7 Median section of the rabbit’s head and dentition.
Plate 3.8 Oral cavity, tongue, pharynx and esophagus.
Plate 3.9 Thoracic, abdominal and pelvic viscera (in situ) of the male.
Plate 3.10 Thoracic, abdominal and pelvic viscera (in situ) of the female.
Plate 3.11 Relations of the reproductive organs of the male.
Plate 3.12 Relations of the reproductive organs of the female.
Plate 3.13 Central and peripheral nervous system.
Plate 3.14 Brain, dorsal, ventral, and lateral views.

Section 4.
The Rat.
Plate 4.1 Lateral view.
Plate 4.2 Skeleton of the rat.
Plate 4.3 Superficial muscles of the male.
Plate 4.4 Deep and middle muscles of the female.
Plate 4.5 Median section of the head and dentition.
Plate 4.6 Ventral view of abdominal structures (in situ) and diagram of digestive system.
Plate 4.7 Thoracic, abdominal and pelvic viscera related to the skeleton of the male.
Plate 4.8 Thoracic, abdominal and pelvic viscera, related to the skeleton of the female.
Plate 4.9 Relations of the reproductive organs of the male.
Plate 4.10 Relations of the reproductive organs of the female.
Plate 4.11 Spinal nerves.
Plate 4.12 Autonomic nerves.
Plate 4.13 Brain, dorsal, ventral, and lateral views.
Plate 4.14 Brian, sagittal section, and detail of midbrain.

Section 5.
The Guinea Pig.
Plate 5.1 Lateral view.
Plate 5.2 Skeleton.
Plate 5.3 Superficial muscles of the male.
Plate 5.4 Deep and middle muscles of the female.
Plate 5.5 Median section of the head and dentition.
Plate 5.6 Ventral view of abdominal structures (in situ) and diagram of digestive system.
Plate 5.7 Thoracic, abdominal and pelvic viscera related to the skeleton of the male.
Plate 5.8 Thoracic, abdominal and pelvic viscera, and mammary glands of the female.
Plate 5.9 Relations of the reproductive organs of the male.
Plate 5.10 Relations of the reproductive organs of the female.
Plate 5.11 Central and peripheral nervous system.
Plate 5.12 Brain dorsal, ventral, and lateral views

Ordering:
Order Online - [http://www.researchandmarkets.com/reports/2221900/](http://www.researchandmarkets.com/reports/2221900/)
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

- **Product Name:** Color Atlas of Small Animal Anatomy. The Essentials. Revised Edition
- **Web Address:** [http://www.researchandmarkets.com/reports/2221900/](http://www.researchandmarkets.com/reports/2221900/)
- **Office Code:** SCDKCRWI

Product Format
Please select the product format and quantity you require:

**Quantity**

- Hard Copy (Paper back): [ ]  USD 106 + USD 29 Shipping/Handling

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in **BLOCK CAPITALS**

- **Title:** [ ] Mr  [ ] Mrs  [ ] Dr  [ ] Miss  [ ] Ms  [ ] Prof
- **First Name:** ______________________  **Last Name:** ______________________
- **Email Address:** *  ______________________
- **Job Title:** ______________________
- **Organisation:** ______________________
- **Address:** ______________________
- **City:** ______________________

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets, 
Guinness Center, 
Taylors Lane, 
Dublin 8, 
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank, 
27-35 Main Street, 
Blackrock, 
Co. Dublin, 
Ireland.
