The Proteasomal System in Aging and Disease, Vol 109. Progress in Molecular Biology and Translational Science

Description: This volume of Progress in Molecular Biology and Translational Science discusses cutting-edge research of proteasomes and proteasome-associated proteins and cellular systems. The volume is split into two sections. The first part discusses the current knowledge of the structure, function, and regulation of the proteasomal system. The second part describes the role of the proteasome in aging and disease.

- Contributions from leading authorities
- Informs and updates on all the latest developments in the field

Contents:

Structure of the Proteasome
Tobias Jung and Tilman Grune

Structure and Function of the Ubiquitin-Proteasome System: Modulation of Components
Niki Chondrogianni and Efstathios S. Gonos

Immunoproteasomes: Structure, Function, and Antigen Presentation
Deborah A. Ferrington and Dale S. Gregerson

Interactions of the Proteasomal System with Chaperones
Protein Triage and Protein Quality Control
Marc Kästle and Tilman Grune

Proteasome Inhibitors
Boris Cvek

Degradation of Damaged Proteins
The Main Function of the 20S Proteasome
Andrew M. Pickering and Kelvin. J. A. Davies

Changes of the Proteasomal System During the Aging Process
Martin A. Baraibar and Bertrand Friguet

Proteasome and Cancer
Betul Catalgol

The Ubiquitin Proteasome System and Cardiovascular Disease.
Saul R. Powell, Joerg Herrmann, Amir Lerman, Cam Patterson, Xuejun Wang

Role of the Ubiquitin-Proteasome in Protein Quality Control and Signaling: Implication in the Pathogenesis of Eye Diseases
Fu Shang and Allen Taylor
Proteasome and Neurodegenerative Diseases
Betul Catalgo and Tilman Grune

Ordering:
Order Online - http://www.researchandmarkets.com/reports/2237684/
Order by Fax - using the form below
Order by Post - print the order form below and send to
Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: The Proteasomal System in Aging and Disease, Vol 109. Progress in Molecular Biology and Translational Science
Web Address: http://www.researchandmarkets.com/reports/2237684/
Office Code: SCBRR711

Product Format
Please select the product format and quantity you require:

Quantity
Hard Copy (Hard Back): USD 149 + USD 29 Shipping/Handling

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title: Mr ☐ Mrs ☐ Dr ☐ Miss ☐ Ms ☐ Prof ☐
First Name: ___________________________ Last Name: ___________________________
Email Address: * ___________________________
Job Title: ___________________________
Organisation: ___________________________
Address: ___________________________
City: ___________________________
Postal / Zip Code: ___________________________
Country: ___________________________
Phone Number: ___________________________
Fax Number: ___________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
