Java Collections. An Introduction to Abstract Data Types, Data Structures and Algorithms

Description: A unique, practical approach to working with collection classes in Java 2 Software developers new to Java will find the practical, software-engineering based approach taken by this book extremely refreshing. With an emphasis more on software design and less on theory, Java Collections explores in detail Java 2 collection classes, helping programmers choose the best collection classes for each application they work on. Watt and Brown explore abstract data types (ADTs) that turn up again and again in software design, using them to provide context for the data structures required for their implementation and the algorithms associated with the data structures. Numerous worked examples, several large case studies, and end-of-chapter exercises are also provided.

Contents:
- Preface.
- Introduction.
- Algorithms.
- The Array Data Structure.
- Linked-List Data Structures.
- Abstract Data Types.
- Stack Abstract Data Types.
- Queue Abstract Data Types.
- List Abstract Data Types.
- Set Abstract Data Types.
- Binary Tree Data Structures.
- Map Abstract Data Types.
- Hash-Table Data Structures.
- Priority-Queue Abstract Data Types.
- Tree Abstract Data Types.
- Graph Abstract Data Types.
- Balanced Search Tree Data Structures.
- Conclusion.
- Appendix A: Summary of Mathematics for Algorithm Analysis.
- Appendix B: Summary of Java.
- Appendix C: Summary of the Java Collections Framework.
- Further Reading.
Index.

Ordering:

Order Online - http://www.researchandmarkets.com/reports/2240019/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Java Collections. An Introduction to Abstract Data Types, Data Structures and Algorithms
Web Address: http://www.researchandmarkets.com/reports/2240019/
Office Code: SCAV8FN9

Product Format
Please select the product format and quantity you require:

Quantity
Hard Copy (Paper back): □ USD 109 + USD 28 Shipping/Handling

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title: [ ] Mr [ ] Mrs [ ] Dr [ ] Miss [ ] Ms [ ] Prof
First Name: __________________________ Last Name: __________________________
Email Address: * __________________________
Job Title: __________________________
Organisation: __________________________
Address: __________________________
City: __________________________
Postal / Zip Code: __________________________
Country: __________________________
Phone Number: __________________________
Fax Number: __________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card:

You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check:

Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer:

Please transfer funds to:

- Account number 833 130 83
- Sort code 98-53-30
- Swift code ULSBIE2D
- IBAN number IE78ULSB98533083313083
- Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
