Medical Textiles Subscription

Description: A monthly update on textiles for medical applications – one of the fastest growing sectors of the technical textiles industry. The only international source of news and information about new products, research, business and patents relating to all uses of textile materials in medical and hygiene applications, Medical Textiles covers technical developments in materials and applications – fibres, yarns and fabrics, equipment, surgical and orthopaedic applications, dental uses, hygiene – together with standards, market and industry news.

This periodical is essential reading for the fibre and textile industry, medical researchers and the medical devices and diagnostics products industry.

Topics covered include (but are not limited to):
wound treatment
orthopaedics
fabrics
surgical applications
hygiene
garments
prostheses
and more...

Plus, every article includes full contact details so you can follow up items of specific interest directly with the companies and institutes concerned.

Subscriptions are on a calendar year basis and also include online access.
