High Performance Pigments. 2nd Edition

Description: As technology drives the economy, the market for pigments is steadily growing. High Performance Pigments have become increasingly important in recent years, with a growth rate well in advance of the more classical types of pigments.

This book provides up-to-date information on the market for high performance pigments, synthesis, reaction mechanisms, physical and chemical properties, applications, regulatory affairs, toxicology and ecotoxicology. It is the only one on the market covering all high performance pigments in a single volume, offering both producers and users of High Performance Pigments the opportunity to review and update their understanding of latest technologies and market issues, together with assessing key regulatory affairs, in this specialty niche of the chemical industry.

The new edition is completely revised and gives an up-to-date overview of scientific and technological aspects on high performance pigments. It addresses current issues such as environmental and health aspects, and regulatory affairs.

The manufacture of High Performance Pigments is today a global industry. This is reflected in the multinational expertise of the over twenty experts, drawn from Europe, North America and Asia, who have authored chapters in this book. The authors come from renowned pigment supplying companies, are well known and have vast industrial experience. Sun Chemical Corporation, Clariant International, Ciba, DIC, Bayer, BASF, CPMA, ETAD, Ferro Corporation, Fitzpatrick and Waterman LPP, Johnson Matthey, Merck, Rhodia, Shepherd Color are just some of the renowned companies involved in the production of this handbook.

No professional today can afford to waste time on unfocussed research. This book will effectively help chemists, physicists, engineers, applications and regulatory specialists, and materials scientists to stay ahead in this fast-changing field.

"Anyone seeking up-to-date information about the physical-chemical principles of high performance pigments and their special technical properties will find that this book gives an excellent survey of relevant aspects." Angewandte Chemie International Edition.

"This book will effectively help chemists, physicists, engineers and material scientists to stay ahead in this fast-changing field." Österreichische Chemie

"... Wiley-VCH has assembled an international team of high performance experts... This is an enjoyable and stimulating read and beautifully produced. You will find it fascinating – don't miss it." Colour Chemistry

Contents:

Introduction to HPP Inorganic Pigments

Bismuth Vanadate

Cadmium Pigments

Cerium Pigments

Complex Inorganic Color Pigments

Titanate Pigments

Special Effect Pigments

Crystal Design of HPPs

Global Market for Organic HPPs
Benzimidazolone and Related Pigments
Diketopyrrolopyrrole (DPP) Pigments
Dioxazine Violet Pigments
Diazocondensation Pigments
Isoindoline Pigments
Isoindolinone Pigments
Perylene Pigments
Phthalocyanines
Quinacridone Pigments
Quinophthalone Pigments
Imidazolone-annellated Triphenedioxazine Pigments
Chemical and Physical Characterization of HPPs
Regulatory Affairs for HPPs (USA)
Regulatory and Legislative Aspects of Relevance to HPPs (EU)
Infrared Pigments
Toxicology and Ecotoxicology Issues with HPPs

Ordering:
Order Online - http://www.researchandmarkets.com/reports/2293077/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form

To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information

Please verify that the product information is correct.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
