The Japan Defense Industry - Competitive Landscape and Strategic Insights to 2017: Market Profile

Description:
Synopsis
This report provides analysis on competitive benchmarking along with top companies active across the Japan defense industry. It features insights into the recent activity and strategic initiatives of key public sector companies that support the industry. The information is divided into sections such as company overview, products and services and alliances, to give the reader an understanding of the business environment in which the defense industry operates.

Summary
SDI's "The Japan Defense Industry - Competitive Landscape and Strategic Insights to 2017: Market Profile" is an essential source of information covering the top companies of the defense industry in Japan.

Japan's defense industry is dominated by a small number of large, established, domestic competitors. These companies were once among the top exporters of defense goods globally. However, due to the government ban on arms exports and defense budget cuts due to the global financial crisis, companies are forced to enter into other industries.

Reasons To Buy
"The Japan Defense Industry - Competitive Landscape and Strategic Insights to 2017: Market Profile" allows you to:
- Gain insight into the competitive landscape of the Japan defense industry.
- Identify top companies in the Japan defense industry along with profiles of those companies.
- Analyse the activity of key defense companies (both domestic and foreign), together with insights such as key alliances, strategic initiatives, and a brief financial analysis.
