Global Infectious Vaccines Partnering Terms and Agreements 2010 to 2016: Deal trends, players and financials

Description: The Global Infectious Vaccines Partnering Terms and Agreements 2010 to 2016: Deal trends, players and financials report provides a detailed understanding and analysis of how and why companies enter infectious vaccines partnering deals. The majority of deals are development stage whereby the licensee obtains a right or an option right to license the licensors vaccine technology. These deals tend to be multicomponent, starting with collaborative R&D, and commercialization of outcomes. The report also includes adjuvant deals and alliances.

This report provides details of the latest infectious vaccines agreements announced in the healthcare sectors.

Understanding the flexibility of a prospective partner’s negotiated deals terms provides critical insight into the negotiation process in terms of what you can expect to achieve during the negotiation of terms. Whilst many smaller companies will be seeking details of the payments clauses, the devil is in the detail in terms of how payments are triggered - contract documents provide this insight where press releases and databases do not.

This report contains a comprehensive listing of all infectious vaccines partnering deals announced since January 2010, including financial terms where available, including over 600 links to online deal records of actual infectious vaccines partnering deals as disclosed by the deal parties. In addition, where available, records include contract documents as submitted to the Securities Exchange Commission by companies and their partners.

The initial chapters of this report provide an orientation of Infectious Vaccines dealmaking and business activities.

Chapter 1 provides an introduction to the report, whilst chapter 2 provides an overview of the trends in Infectious Vaccines dealmaking since 2010, including details of average headline, upfront, milestone and royalty terms. Infectious Vaccines deals since 2010. Deals are listed by headline value, signed by big pharma, most active Infectious Vaccines dealmaking companies. Where the deal has an agreement contract published at the SEC a link provides online access to the contract.

Chapter 3 provides a review of the leading Infectious Vaccines deals since 2010. Deals are listed by headline value, signed by big pharma, most active Infectious Vaccines dealmaking companies. Where the deal has an agreement contract published at the SEC a link provides online access to the contract.
