Summary: Krung Thai Bank Public Co. Ltd. Jan 01

Description: Abstract
Krung Thai Bank Public Co. Ltd.'s (KTB) stand-alone credit profile is undermined by its very poor asset quality, weakened capital base, and impaired near-term earnings generating capacity. The bank's profile is supported by its majority government ownership, and the expectation that the sale of problem loans to an asset-management company will substantially improve the bank's financial position in the near term. As one of Thailand's largest banks, KTB has played a key role in the rationalization and reform of the domestic financial system. Standard & Poor's expects that the bank will continue to benefit from government support in the medium term, although this cannot be assured in the longer term. Despite its strong market position, KTB's performance has historically lagged...

Standard and Poors RatingsXpress Credit Research provides in-depth coverage of international corporates, financial institutions, insurance companies, utilities, sovereigns and structured finance programs. RatingsXpress Credit Research lets users determine the credit rating of holdings and identify key factors underlying an issuer's creditworthiness, distinguishes the different risk exposures for new and existing deals, and provides an understanding of how their analysts interpret key regulatory, political and environmental events and their economic impact.

This product consists of a Summary Analysis: Bi-annual (at least). An abbreviated analysis containing Standard & Poor's issuer credit ratings as of the time the article was published. The analysis includes a rating rationale - the basis on which the rating was assigned - and an outlook section if the issuer is not on CreditWatch. Financial statistics are not included.
