Problems and Solutions in Mathematical Finance. Stochastic Calculus. 
Volume I. The Wiley Finance Series

Description: Mathematical finance requires the use of advanced mathematical techniques drawn from the theory of probability, stochastic processes and stochastic differential equations. These areas are generally introduced and developed at an abstract level, making it problematic when applying these techniques to practical issues in finance.

Problems and Solutions in Mathematical Finance Volume I: Stochastic Calculus is the first of a four-volume set of books focusing on problems and solutions in mathematical finance.

This volume introduces the reader to the basic stochastic calculus concepts required for the study of this important subject, providing a large number of worked examples which enable the reader to build the necessary foundation for more practical orientated problems in the later volumes. Through this application and by working through the numerous examples, the reader will properly understand and appreciate the fundamentals that underpin mathematical finance.

Written mainly for students, industry practitioners and those involved in teaching in this field of study, Stochastic Calculus provides a valuable reference book to complement one’s further understanding of mathematical finance.

Contents:

1. General Probability and Statistical Theory
   1.1 Introduction
   1.2 Problems and Solutions
      1.2.1 Probability Spaces
      1.2.2 Discrete and Continuous Random Variables
      1.2.3 Properties of Expectations
   2. General Statistical Theory
      2.1 Introduction
      2.2 Problems and Solutions
         2.2.1 Parameter Estimation
         2.2.2 Hypotheses Testing
         2.2.3 Goodness of Fit Analysis
         2.2.4 Regression Analysis
   3. Wiener Process
      3.1 Introduction
      3.2 Problems and Solutions
         3.2.1 Random Walks
         3.2.2 Examples of Wiener Process
3.2.3 Markov Property
3.2.4 Martingale Property
3.2.5 First Passage Time
3.2.6 Reflection Principle
3.2.7 Quadratic Variation

4. Stochastic Differential Equations
4.1 Introduction
4.2 Problems and Solutions
4.2.1 Ito Calculus
4.2.2 One-Dimension Diffusion Process
4.2.3 Multi-Dimensional Diffusion Process

5. Change of Measure
5.1 Introduction
5.2 Problems and Solutions
5.2.1 Martingale Representation Theorem
5.2.2 Girsanov's Theorem
5.2.3 Risk Neutral Measure

6. Poisson Process
6.1 Introduction
6.2 Problems and Solutions
6.2.1 Properties of Poisson Process
6.2.2 Jump Diffusion Process
6.2.3 Change of Measure

Appendix A Mathematics Formulae
Appendix B Probability Theory Formulae
Appendix C Statistical Theory Formulae
Appendix D Differential Equations Formulae

Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Web Address: http://www.researchandmarkets.com/reports/2586596/
Office Code: SCPLYN6K

Product Format
Please select the product format and quantity you require:

<table>
<thead>
<tr>
<th>Quantity</th>
<th>USD 98 + USD 28 Shipping/Handling</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hard Copy (Hard Back):</td>
<td></td>
</tr>
</tbody>
</table>

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title:          Mr [ ] Mrs [ ] Dr [ ] Miss [ ] Ms [ ] Prof [ ]  Last Name: ____________________________
First Name: ____________________________  Email Address: * ____________________________
Job Title: ____________________________  Organisation: ____________________________
Address: ____________________________  City: ____________________________
Postal / Zip Code: ____________________________  Country: ____________________________
Phone Number: ____________________________  Fax Number: ____________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
