Presale: Discover Card Execution Note Trust (Class A(2013-4)) Jul 13

Description: Abstract
The preliminary 'AAA (sf)' rating assigned to Discover Card Execution Note Trust's (the note issuance trust's) class A(2013-4) DiscoverSeries notes reflects our view of: The 24.5% credit support provided by the subordinated class B, C, and D notes, which we believe is likely sufficient to withstand the simultaneous stresses we apply to our 5.5%-7.5% base-case loss rate, 16.5%-18.5% base-case payment rate, 15.0%-17.0% base-case yield, and 1.0%-3.0% purchase rate assumptions for the notes. In addition, we used stressed excess spread and note interest rate assumptions to assess whether, in our opinion, sufficient credit support is available for the notes. All of the stress assumptions outlined above are based on our current criteria and assumptions (for more information, see “General Methodology And...)

Companies mentioned in this report are:
- Discover Card Execution Note Trust

Standard and Poor's RatingsXpress Credit Research provides in-depth coverage of international corporates, financial institutions, insurance companies, utilities, sovereigns and structured finance programs. RatingsXpress Credit Research lets users determine the credit rating of holdings and identify key factors underlying an issuer's creditworthiness, distinguishes the different risk exposures for new and existing deals, and provides an understanding of how their analysts interpret key regulatory, political and environmental events and their economic impact.
