British Wind Farm Map 10th Edition

Description: This is the definitive map on British Wind Farm installations both onshore and offshore. The map shows all wind farm projects in Britain over 1MW from consented through under construction to those that are operational. These are differentiated by different colored symbols, and are shown by location together with the park name, generating capacity and wind farm operator. On the offshore side all Crown Estate offshore wind lease areas are shown (Rounds 1-3) as well as experimental sites. Symbols over the area area denote status of the offshore farm similarly to those onshore. All cables running from offshore farms are shown as National Grid Transmission System.

Size: B1 size 700 x 1000mm
