Summary: Korea Finance Corp. Nov 11

Description: Abstract
The ratings on Korea Finance Corp. (KoFC) reflect its critical public policy role and integral link with the government of Korea (foreign currency A/Stable/A-1; local currency A+/Stable/A-1). The ratings also reflect the uncertain pace and direction of business development. Established on Oct. 28, 2009, KoFC is a spin-off from the Korea Development Bank (KDB; A/Negative/A-1). KoFC acts as a holding organization for KDB Financial Group (KDBFG; NR), which holds controlling stakes in KDB, KDB Capital, Asset Management Company, and Daewoo Securities. The ratings on KoFC are equalized with the long-term ratings on Korea, reflecting Standard & Poor's Ratings Services' opinion that there is an "almost certain" likelihood that the Korean government would provide timely and sufficient extraordinary support to KoFC.

Companies mentioned in this report are:
- Korea Finance Corp.

Action: Review

Standard and Poors RatingsXpress Credit Research provides in-depth coverage of international corporates, financial institutions, insurance companies, utilities, sovereigns and structured finance programs. RatingsXpress Credit Research lets users determine the credit rating of holdings and identify key factors underlying an issuer's creditworthiness, distinguishes the different risk exposures for new and existing deals, and provides an understanding of how their analysts interpret key regulatory, political and environmental events and their economic impact.

This product consists of a Summary Analysis: Bi-annual (at least). An abbreviated analysis containing Standard & Poor's issuer credit ratings as of the time the article was published. The analysis includes a rating rationale - the basis on which the rating was assigned - and an outlook section if the issuer is not on CreditWatch. Financial statistics are not included.
