Global Canned Food Market 2015-2019

Description:
About Canned Food
Canned food products refer to processed food items that are available in airtight suitable metal cans with added preservatives. Short cooking time, long shelf life, and easy storage are some of the factors for the wide adoption and consumption of canned food products worldwide. Owing to the various attributes of canned food products, the Global Canned Food market is expected to witness a strong growth in the coming years.

The analysts forecast the Global Canned Food market to grow at a CAGR of 5.01 percent and 2.09 percent in terms of revenue and volume, respectively, over the period 2014-2019.
