Farm Animal Anesthesia. Cattle, Small Ruminants, Camelids, and Pigs

Description: Farm Animal Anesthesia: Cattle, Small Ruminants, Camelids, and Pigs presents practical guidance on using anesthetic and analgesic drugs to prevent pain caused by surgery or disease. This cohesive resource offers complete coverage of anesthetics and anesthetic techniques in farm animals with a focus on practical applications. Providing thorough information on pain management and residues, the book also covers specific techniques for common surgical procedures and considerations for animals with pathophysiological conditions.

The book includes chapters on preanesthetic considerations, anesthetic drugs, chemical restraint and standing sedation, injectable anesthesia, inhalant anesthesia, local techniques, specific procedures, pain management, residues, and euthanasia. Farm Animal Anesthesia is a useful guide for farm animal practitioners, veterinary students, and researchers working with these species.

Key features
- Offers complete coverage of practical uses for anesthetics and analgesics in cattle, small ruminants, camelids, and pigs
- Brings information on sedation and pain management in these species together into a single resource
- Presents difficult-to-find information on anesthetizing camelids and pigs
- Includes information on pain management and residues
- Provides a comprehensive reference for farm animal practitioners, veterinary students, and researchers

Contents: Contributing authors xii

Preface xiii

1 Preanesthetic considerations 1
HuiChu Lin
Positioning 2
Ruminal tympany 3
Regurgitation 3
Salivation 4
Malignant hyperthermia 6
Differences in sensitivity to anesthetics 6
Preanesthetic preparation 8
References 13

2 Commonly used preanesthetics 17
HuiChu Lin
Acepromazine (phenothiazine derivatives) 18
Cattle 18
Small ruminants and camelids 19
Swine 19
Droperidol and azaperone (butyrophenone derivatives) 19
Detomidine, medetomidine, romifidine, and xylazine (α2 agonists) 20
Cattle 21
Small ruminants and camelids 24
Swine 27
Atipamezole, tolazoline, and yohimbine (α2 antagonists) 28
Diazepam and midazolam
(benzodiazepine derivatives) 29
Cattle, small ruminants, and camelids 30
Swine 30
Chloral hydrate 31
References 31
3 Standing sedation and chemical restraint 39
HuiChu Lin
Cattle 39
Small ruminants and camelids 42
Swine 48
References 57
4 Injectable anesthetics and field anesthesia 60
HuiChu Lin
Injectable anesthetics 61
Ketamine 61
Telazol 64
Propofol 66
Guaifenesin 68
Field anesthesia 68
Cattle 68
Small ruminants and camelids 72
Swine 80
References 87
Anesthesia for laparotomy 141
Proximal paravertebral nerve block 141
Distal paravertebral nerve block 142
Inverted-L block 142
Line block 143
Anesthesia for reproductive procedures 144
Caudal epidural anesthesia 144
Continuous caudal epidural anesthesia 146
Lumbosacral epidural anesthesia 147
Sacral paravertebral nerve block 148
Internal pudendal nerve block 149
Dorsal penile nerve block 150
Castration 151
Teat anesthesia 152
Inverted-V block 152
Ring block 152
Infusion of teat cistern 152
Anesthesia of the distal limb 153
References 154
8 Anesthetic management for specific procedures 155
Benjamin Newcomer and Paul Walz
Umbilical hernias 156
Wounds, lumps, bumps, and abscesses 157
Wound management 157
Ocular squamous cell carcinoma 158
Enucleation 158
Entropion 159
Abscess removal 159
Surgical disorders of the abdomen 159
Laparotomy 159
Disorders of the forestomachs 161
Displacements and volvulus of the abomasum 162
Small intestine disorders (intussusception, intestinal volvulus, intestinal obstruction) 162
Urolithiasis and ruptured urinary bladder 163
Urogenital surgery in the female 164
Cesarean section 164
Ovariectomy 165
Vaginal prolapse 166
Perineal laceration 166
Urogenital surgery in the male 166
Castration 166
Penile translocation 168
Persistent frenulum 169
Penile papilloma 169
Epididymectomy 169
Vasectomy 169
Musculoskeletal indications 170
Dehorning 170
Claw amputation 171
Excision of interdigital fibromas 171
Tail docking 171
Rectal prolapse 172
References 172
9 Pain management for farm animals 174
HuiChu Lin
Local anesthetics 177
Systemic pain management 178
Opioid analgesics 178
Nonsteroidal anti-inflammatory drugs 183
Alpha-2 agonists 187
Ketamine 188
Gabapentin 188
Drug combinations for pain management 189
Constant rate infusion 190
Injectable euthanasia drugs 252
Physical methods 253
Adjunctive and other methods of euthanasia 257
Considerations subsequent to euthanasia 258
References 259

Ordering:

Order Online - http://www.researchandmarkets.com/reports/2715479/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Farm Animal Anesthesia. Cattle, Small Ruminants, Camelids, and Pigs
Web Address: http://www.researchandmarkets.com/reports/2715479/
Office Code: SCDKTLSP

Product Format
Please select the product format and quantity you require:

<table>
<thead>
<tr>
<th>Quantity</th>
<th>Hard Copy (Paper back):</th>
<th>USD 106 + USD 29 Shipping/Handling</th>
</tr>
</thead>
</table>

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in **BLOCK CAPITALS**

Title:  Mr  Mrs  Dr  Miss  Ms  Prof

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
