Valuing Mining Companies

Description: This book gives a perspective on the international mining and metals industry, from historical details of mines and mining to the potential problems encountered in attempting to value a mining company. Chapters are devoted to accounting practices and taxation, providing valuable information on the financial aspects of mining. It also covers various techniques used to value mining companies and gives instruction on how to set up a portfolio and begin trading in this complex field.

- A one stop shop to mining analysis
- Up-to-date information on companies and their markets
- A historical section puts the industry in perspective
