Summary: Hawk Corp. Apr 07

Description: Abstract
The ratings on Cleveland-based Hawk Corporation reflect the company's presence in cyclical and competitive end markets, its modest scale of operations, and highly leveraged financial profile. The ratings remain on CreditWatch with negative implications where they placed on Jan. 4, 2007, reflecting the potentially adverse consequences that could arise following the announcement of government inquiry. Hawk designs, engineers, and manufactures friction materials and specialty engineered components for use in on/off highway vehicles, aerospace, and various other industrial markets. The company's strengths includes its fair market position in niches and geographic diversity, well-established customer relationships, and a significant proportion of aftermarket sales that somewhat offset the volatility of its end-markets. However, with total sales of about $212 million the company's scope...
