Asia-Pacific X-ray Systems Market Outlook to 2020

Description: Asia-Pacific X-ray Systems Market Outlook to 2020

Summary

The report also provides company shares and distribution shares data for each of these market categories, and global corporate-level profiles of the key market participants, pipeline products, and news and deals related to the X-ray Systems market wherever available.

The data in the report is derived from dynamic market forecast models. GlobalData uses capital equipment-based models to estimate and forecast the market size. The objective is to provide information that represents the most up-to-date data of the industry possible.

Capital equipment-based forecasting models are done based on the installed base, replacements and new sales of a specific device/equipment in healthcare facilities such as hospitals, clinics and diagnostic centers. Data for average number of units per facility is used to arrive at the installed base of the capital equipment. Sales for a particular year are arrived at by calculating the replacement units and new units (additional and first-time purchases).

Extensive interviews are conducted with key opinion leaders (KOLs), physicians and industry experts to validate the market size, company share and distribution share data and analysis.

Scope

- Annualized market revenues (USD million), volume (units) and average selling price ($) data for each of the market categories. Data is provided from 2005 to 2012 and forecast to 2020.
- 2012 company shares and distribution shares data for the market category.
- Global corporate-level profiles of key companies operating within the Asia-Pacific X-ray Systems market.
- Key players covered include GE Healthcare, Philips Healthcare, Siemens Healthcare, Carestream Health, Inc., Shimadzu Corporation, Toshiba Medical Systems Corporation and General Medical Merate S.p.A.

Reasons to buy

- Develop business strategies by identifying the key market segments poised for strong growth in the future.
- Develop market-entry and market expansion strategies.
- Design competition strategies by identifying who-stands-where in the market.
- Develop investment strategies by identifying the key market segments expected to register strong growth in the near future.
- What are the key distribution channels and what's the most preferred mode of product distribution - Identify, understand and capitalize.
