Description:
This report provides analysis on competitive benchmarking along with top companies active across the Finland defense industry. It features insights into the recent activity and strategic initiatives of key public sector companies that support the industry. The information is divided into sections such as company overview, products and services and alliances, to give the reader an understanding of the business environment in which the defense industry operates.

Summary

"The Finnish Defense Industry - Competitive Landscape and Strategic Insights to 2019: Market Profile" is an essential source of information covering the top companies of the defense industry in Finland.

Finland's indigenous defense industry is dominated by state-owned Patria Industries. The Finnish military industrial base focuses on developing land based defense systems such as armored vehicles. However, over the past five years the country has invested significantly in enhancing its aerial and missile defense capabilities, which has created market opportunities for foreign equipment suppliers.
