Recession: A Blessing in Disguise for eLearning Market
Key Market Drivers
Artificial Intelligence Powers eLearning
eLearning Bails Out Firms from Regulatory Training Hassles
Globalization Fuels eLearning
Factors Restraining Growth of eLearning Programs
Development of Effective Content Material
Availability of Hardware & Networking Infrastructure
Rapidly Changing Technological Environment
Absence of Skilled Trainers

2. INDUSTRY OVERVIEW
Technology Factor
A Crucial Input
Technology May be the Latest Fad but Content is King
Edutainment Blends Learning with Entertainment
Open Standards-based Programs
End-user's Preferred Choice
Commoditization
Vendor's Worst Nightmares
eLearning 2.0: Potential for Growth
Development of New Instructional Design Models
Government Policies
Critical Determinants of eLearning Adoption Levels
Growing Demand for Open Source Learning Platforms
Substitutes Threaten Self-Paced eLearning Products
