Global Armored and Counter IED Vehicles Market 2014-2024

Description: The Global Armored And Counter IED Vehicles Market 2014-2024 Report provides readers with a detailed analysis of both historic and forecast global industry values, factors influencing demand, the challenges faced by industry participants, analysis of industry leading companies, and key news.

Synopsis

This report offers detailed analysis of the global armoured and counter IED vehicles market with market size forecasts covering the next ten years. This report will also analyze factors that influence demand for armored and counter IED vehicles, key market trends and challenges faced by industry participants.

In particular, it provides an in-depth analysis of the following:

- Global armored and counter IED vehicles market size and drivers: detailed analysis of the armored and counter IED vehicles market during 2014-2024, including highlights of the demand drivers and growth stimulators for armored and counter IED vehicles. It also provides a snapshot of the spending patterns and modernization patterns of different regions around the world.

- Recent developments and industry challenges: insights into technological developments in the armored and counter IED vehicles market and a detailed analysis of the changing preferences of the defense ministries around the world. It also provides trends of the changing industry structure and the challenges faced by the industry participants.

- SWOT analysis of the armored and counter IED vehicles market: analysis of the industry characteristics by determining the strengths, weaknesses, opportunities and threats faced by the armored and counter IED vehicles industry.

- Global armored and counter IED vehicles country analysis: analysis of the key markets in each region, providing an analysis of the key segments of the armored and counter IED vehicles industry expected to be in demand in each region.

- Major programs: details of the key programs in each segment, which are expected to be executed during the forecast period.

- Competitive landscape and strategic insights: analysis of the competitive landscape of the global armored and counter IED vehicles industry. It provides an overview of key players, together with insights such as key alliances, strategic initiatives and a brief financial analysis.

Reasons To Buy

- This report will give the user confidence to make the correct business decisions based on a detailed analysis of the armored and counter IED vehicles market and to identify emerging/declining markets over the next 10 years.

- This report will give the user a thorough fact based analysis with information about demand for various armored and counter IED vehicles segments in each of the top ten countries and the underlying factors that are driving the demand. For example, The Indian MoD is in the process of modernizing its military including its armored vehicles fleet to strengthen its capabilities especially in the IFV segment.

- The analysts have placed a significant emphasis on the major industries that are driving the armored and counter IED vehicles market which will provide the user with a clear picture about the future opportunities that can be tapped, resulting in revenue expansion. E.g Russian vehicle manufacturer UralVagonZavod and JSC Semey Engineering of Kazakhstan have formed a joint venture for maintenance and repair of armored vehicles specifically targeting T-72 tanks.

- The major programs section will inform the user about major programs being undertaken by defense
ministries and governments in different segments of the armored and counter IED vehicles market during the forecast period.

- Detailed profiles of the top armored and counter IED vehicle manufacturers and service providers around the world with information about their products, alliances, recent contract wins and financial analysis wherever available. This will provide the user with a total competitive landscape of the sector.

- A deep qualitative analysis of the global armored and counter IED vehicles sector covering sections including demand drivers, SWOT, industry trends, and latest technological developments.

Contents:
1 Introduction
   1.1 What is this Report About?
   1.2 Definitions
   1.3 Summary Methodology
   1.4 About Strategic Defence Intelligence
2 Executive Summary
3 Global Armored and Counter IED Vehicles Market Size and Drivers
   3.1 Armored and Counter IED Vehicles Market Size and Forecast 2014-2
   3.2 Global Armored and Counter IED Vehicles Market - Regional Analysis
   3.2.1 Asia Pacific is expected to lead the global Armored and Counter IED vehicles market
   3.2.2 Asia Pacific to be the largest market for armored and counter IED vehicles
   3.2.3 New programs in armored vehicles in the US to support the global armored and counter IED vehicles market
   3.2.4 Armored and counter IED vehicles market to be robust in Europe despite budgetary pressures
   3.2.5 Saudi Arabia and Israel expected to lead the armored and counter IED vehicles market in the Middle East
   3.2.6 Brazil to lead the armored and counter IED vehicles sector in the Latin American region
   3.2.7 Demand for armored and counter IED vehicles in Africa is expected to reach US$1.2 billion by 2
   3.3 Armored and Counter IED vehicles Sub-Sector Market Size Composition
   3.3.1 Infantry Fighting Vehicles and Main Battle Tanks to witness strong demand
   3.3.2 IFVs to account for the highest expenditure in the global armored and counter IED vehicles market
   3.3.3 Market size of MBTs expected to grow at a CAGR of 4.27% during forecast period
   3.3.4 Armored Personnel Carriers market to experience a marginal increase
   3.3.5 Scheduled withdrawal of peacekeeping forces and integration of anti-mine armors on all vehicles to result in marginal reduction in the MRAP vehicle market
   3.3.6 Light Multirole Vehicles market size is expected to register an increase during the forecast period
   3.3.7 Tactical trucks market size expected to decrease over the forecast period
   3.4 Demand Drivers and Growth Stimulators
   3.4.1 Rise in asymmetric warfare driving the growth and innovation in the sector
   3.4.2 International peacekeeping missions expected to propel demand for armored and counter IED vehicles
   3.4.3 Modernization initiatives will drive the demand for armored and counter IED vehicles
   3.4.4 Internal and external security threats fuel the global demand for armored and counter IED vehicles
   3.5 Defense Budget Spending Review
   3.5.1 Asian defense budgets expected to increase at a robust pace
   3.5.2 North American defense expenditure projected to increase marginally during the forecast period
   3.5.3 European capital expenditure expected to increase during the forecast period
   3.5.4 Modernization programs likely to drive defense expenditure in South American countries
   3.5.5 Military budgets of African countries expected to increase during the forecast period
   3.5.6 Defense budgets of Middle Eastern countries likely to increase during the forecast period
   3.6 Defense Modernization Review
   3.6.1 Financial constraints causing delays in European defense modernization programs
   3.6.2 Defense budgets of Asian countries likely to be driven by competitive arms acquisitions
   3.6.3 Global economic slowdown leading to defense budget cuts in the North American region
   3.6.4 Need to replace aging equipment driving South American defense expenditure
   3.6.5 Security threats increasing the defense budget of African countries
   3.6.6 Demand for armored vehicles is likely to increase in the Middle East
4 Industry Trends, Recent Developments and Challenges
   4.1 Technological Developments
4.1.1 Hybrid engines are making their way in new MRAPs
4.1.2 Vehicle-mounted directed energy weapons (DEW) lasers will be the new weapons for armored vehicles
4.1.3 Force protection driving demand for mine and blast protection
4.1.4 Increased need for vehicle survivability has necessitated the development and fielding of active protection systems
4.1.5 E-Camouflage technology to provide armored vehicles with dynamic camouflage capability
4.1.6 Rising fuel prices increasing demand for Hybrid Electric Drive

4.2 Market Trends
4.2.1 The market to witness increasing popularity of wheeled armored vehicles as opposed to tracked vehicles over the forecast period
4.2.2 MRAP market witnessing a steady decline in demand
4.2.3 Vehicle and electronics architecture to be increasingly modular

4.3 Industry Consolidation
4.3.1 Product focus partnerships and joint ventures gaining importance
4.3.2 The shift in attention to countries in the Asia Pacific
4.3.3 Large defense companies are acquiring smaller firms with niche technology capabilities

4.4 Key Challenges
4.4.1 Austerity measures and consequent decline in defense spending to act as a challenge for equipping armed forces with modern equipment
4.4.2 Maintaining cost at the same level despite integration of capabilities to pose a challenge

5 SWOT Analysis of the Armored and Counter IED Vehicles Market
5.1 Strengths
5.1.1 Robust procurement in emerging markets
5.1.2 Long standing territorial conflicts and insurgency incidences worldwide to encourage sustained investment in armored vehicles

5.2 Weaknesses
5.2.1 Re-orientation of the US and allied forces militaries after the wars in Afghanistan and Iraq
5.2.2 High cost of high tech armor solutions leading to cancellation of programs

5.3 Opportunities
5.3.1 Regional rivalry among countries to drive armored and counter IED vehicles demand in Latin America
5.3.2 The African market to present major opportunities for global OEMs

5.4 Threats
5.4.1 Withdrawal of coalition forces from Afghanistan expected to affect the armored and counter IED vehicles market
5.4.2 Successive defense budget cuts to limit the growth of the global armored and counter IED vehicles industry
5.4.3 Increase in demand for refurbished vehicles poses threat for new projects
5.4.4 Unmanned defense systems to substitute demand for armored and counter IED vehicles

6 Country Analysis - Armored and Counter IED Vehicles Market
6.1 United States Market Size and Forecast 2014-2
6.1.1 Infantry Fighting Vehicles expected to account for the largest segment in the US
6.1.2 The LMV market to register a CAGR of 20.05% during the forecast period
6.1.3 MRAPs expected to be the third largest spend category in the US

6.2 Russia Market Size and Forecast 2014-2
6.2.1 APC expected to record a growth rate of 6.28% over the forecast period
6.2.2 MBT expected to be the second largest segment over the forecast period
6.2.3 Russian IFV market to witness third highest spending during the forecast period

6.3 UK Market Size and Forecast 2014-2
6.3.1 IFV segment to lead spending in the UK armored and counter IED vehicles market
6.3.2 UK LMV market to see an increase during the forecast period
6.3.3 UK MRAP vehicle market to see a decline during the forecast period

6.4 France Market Size and Forecast 2014-2
6.4.1 APC segment is expected to account for the largest share
6.4.2 IFV to account for the second largest area of expenditure by France on armored and counter IED vehicles
6.4.3 Tactical Trucks segment is expected to grow at 3.51% over the forecast period

6.5 China Market Size and Forecast 2014-2
6.5.1 Demand for MBTs continues to increase across all major field regiments in China
6.5.2 Market for MRAPs to increase at a CAGR of 5.37%
6.5.3 The market for IFVs to post strong growth over the forecast period

6.6 Australian Market Size and Forecast 2014-2
6.6.1 APCs to account for the largest sector in the Australian armored and counter IED vehicles market
6.6.2 Market for IFVs to grow at a rate of 3.10% over the forecast period
6.6.3 Investment in the MRAP segment expected to remain robust over the forecast period
6.7 India Market Size and Forecast 2014-2
6.7.1 Market for IFVs to grow at a CAGR of 11.61% over the forecast period
6.7.2 Indian government procuring new main battle tanks and upgrading existing T-72 tanks
6.7.3 Market for MRAPs to remain constant over the forecast period
6.8 South Africa Market Size and Forecast 2014-2
6.8.1 IFVs expected to account for the highest segment of expenditure by South Africa
6.8.2 Market for MRAPs in South Africa to grow at a CAGR of 14.13% over the forecast period
6.9 Algeria Market Size and Forecast 2014-2
6.9.1 APCs expected to account for the highest segment of expenditure over the forecast period
6.10.1 IFV segment is expected to account for largest share of the Saudi Arabian armored vehicle market
6.10.2 MBTs expected to be second largest expenditure during the forecast period
6.11 Israel Market Size and Forecast 2014-2
6.11.1 IFV segment is expected to account for the largest share during the forecast period
6.11.2 MBT to account for the second largest segment during the forecast period
6.12.1 The armored personnel carrier vehicles market accounts for the largest expenditure
6.12.2 Tactical trucks expected to account for the second largest segment in Brazil
6.13.1 Main battle tanks market accounts for the largest expenditure
6.13.2 LAV-III procurement to drive the IFV market in Colombia

7 Major Armored and Counter IED Vehicles Programs
7.1 Infantry fighting Vehicles
7.1.1 Saudi Arabia - Light Armored Vehicle
7.1.2 US - Amphibious Combat Vehicle
7.1.3 Germany - Puma
7.2 Main Battle Tanks
7.2.1 Russia - T-
7.2.2 China - ZT99 Program
7.2.3 Turkey - Altay
7.3 Armored Personnel Carriers
7.3.1 Brazil - Viatura Blindada Transporte de Pessoal, Media de Rodas (VBTP-MR) Guarani vehicle procurement program
7.3.2 US - Joint Assault Bridge (JAB)
7.3.3 France - Véhicule Blindé Multirôle
7.4 Mine Resistant Ambush Protected Vehicles
7.4.1 South Africa - Sapula
7.4.2 US - Logistics Sustainment and Support (CLSS) Services for MRAPs
7.4.3 China - Mine Resistant Ambush Protected Vehicle procurement
7.5 Light Multirole Vehicle
7.5.1 US - Joint Light Tactical vehicle
7.5.2 Canada - Tactical Armored Patrol Vehicle
7.5.3 UK - Future Rapid Effect System (FRES) Specialist vehicle
7.6 Tactical Trucks
7.6.1 France - Porteur Polyvalent Terrestre program
7.6.2 Canada - Medium Support Vehicle System
7.6.3 South Africa - Vistula

8 Competitive Landscape and Strategic Insights
8.1 Competitive Landscape overview
8.1.1 General Dynamics Land Systems Inc.: overview
8.1.2 General Dynamics Land Systems Inc.: products and services
8.1.3 General Dynamics Land Systems Inc.: alliances
8.1.4 General Dynamics Land Systems Inc.: recent contract wins
8.1.5 General Dynamics Land Systems Inc.: financial analysis
8.1.6 Nexter SA: overview
8.1.7 Nexter S.A.: products and services
8.1.8 Nexter SA: alliances
8.1.9 Nexter SA: recent contract wins
9.1 Methodology  
9.2 About SDI  
9.3 Disclaimer
