Petroleum Coke (Green and Calcined) in the CIS: Production, Market and Forecast (18th edition)

Description: This report is the eighteenth edition of the study of petroleum coke market in Russia and CIS. The purpose of this research is the analysis of the petroleum coke market in the CIS.

This present work is a desk study. As information sources, databases UN (UNdate), the Statistical Committee of the CIS countries (including the Federal State Statistics Service of Ukraine GCS, the Statistics Agency of the Republic of Kazakhstan, etc.), the customs statistics of the Russian Federation and Ukraine, official statistics railage; Materials sector and regional press, annual and quarterly reports of companies, web-sites of company-producers and consumers of petroleum coke as well as an extensive database.

In addition, some data has been verified and refined through telephone interviews with specialists from companies in this report.

All this has enabled experts to reveal a picture of petroleum coke market in the CIS and its development prospects.

The chronological scope of the study: 1996-2013 and 1st quarter 2014; forecast for the period 2014-2020

Study geography: Russian Federation - a comprehensive detailed analysis of the market; Ukraine, Kazakhstan, Azerbaijan and other CIS countries - a retrospective analysis of the overall market.

The report consists of 6 Sections, contains 220 pages, including 40 Figures, 89 Tables and 2 Appendices.

- The first chapter of the report presents data on resources, required for production of petroleum coke, and their characteristics. This chapter also consists of details on the technology of coke production and quality parameters of the products.

- The second chapter is devoted to the production of petroleum coke (green and calcined) in the CIS countries. This section presents statistical and estimated data on volumes of coke in Russia and CIS countries. It comprises of a detailed description of all company-producers of petroleum coke in Russia and the CIS, the current situation in these factories and prospects.

- The third chapter presents data on foreign trade in petroleum coke in Russia and the CIS.

- The fourth chapter presents information on producer prices in the Russian market. In addition, data on dynamics of export-import prices on products in Russia and Ukraine. Also in this chapter, the forecast prices for up to 2025

- The fifth chapter describes consumption of petroleum coke. The balance of the production and the consumption of this product, sectoral structure of consumption, the main consumers, as well as the current state and prospects of development of the greatest enterprise consumers in Russia and the CIS.

- In the sixth chapter presents forecast of development of Russian market of petroleum coke in 2020

- The Appendix content addresses and provides information on producers and consumers of petroleum coke in CIS countries.

Target audience research:

- Petroleum coke market participants - producers, consumers, traders.

- Potential investors

This research claims to be the handbook for marketing services and specialists taking management decisions, working in the oil market.
**Please note that the English version of this report is only available 3 weeks from receipt of order**

Contents:

Abstract

Introduction

I. Technology of production of petroleum coke, the raw material used in the industry
I.1. Raw materials for petroleum coke
I.2. Methods of obtaining green and calcined petroleum coke
I.3. Classification produced in the CIS green coke for its quality standards on coke, in the CIS

II. Production in the CIS petroleum coke (green and calcined)
II.1. Production of petroleum coke in the former USSR (until 1991) and the CIS in 1996-2013
II.2. Standing of the main enterprise-producers of petroleum coke in Russia
II.2.1. Branch of ANK "Bashneft" - "Ufaneftekhim" (Republic Bashkortostan)
II.2.2. Branch of ANK "Bashneft" - "NOVOIL" (Republic Bashkortostan)
II.2.3. "Lukoil -Volgograd" (Volgograd)
II.2.4. "Lukoil - Perm Refinery" (Perm)
II.2.5. "Gazprom Neft- Omsk Refinery" (Omsk)
II.2.6. "Rosneft - Novokuibyshev Refinery" (Novokuibyshevsk, Samara region.)
II.2.7. "Rosneft - Angarsk petrochemical company" (Angarsk, Irkutsk region).
II.2.8. LLC "Rosneft-Komsomolsk Refinery" (Komsomolsk-on-Amur, Khabarovsk Territory)
II.2.9. "Plant "Slates" (Slantsy, Leningrad region).

II.3. Producers of petroleum coke in other CIS countries
II.3.1. Kazakhstan
LLP "Pavlodar Petrochemical Plant" (Pavlodar)
LLP "Atyrau Refinery" (Atyrau)

II.3.2. Azerbaijan Baku Oil Refinery named. Aliyev (Baku)

II.3.3. Turkmenistan Turkmenbashiy complex of oil refineries

II.3.4. Uzbekistan
JSC "Fergana Refinery" (Fergana)

II.3.5. Ukraine
PJSC "Naftohimik Prykarpattia" (Nadvirna, Ivano-Frankivsk region).

III. Export-import of petroleum coke in CIS
III.1. Export-import of petroleum coke in Russia in 1996-2014
III.1.1. Exports-Imports of coke
III.1.2. Main directions of export-import supplies
- Exports
- Imports

III.2. Export-import of petroleum coke in Ukraine in 1999-2013
III.3. Export-import of petroleum coke in other CIS countries in 1997-2013

IV. Review of prices on petroleum coke
IV.1. Domestic prices of petroleum coke in Russia in 2002-2014
IV.2. Dynamics of export-import prices in Russia in 1999-2014
IV.3. Forecast of export-import prices in Russia to 2025
IV.4. Dynamics of export-import prices in Ukraine in 2003-2013

V. Consumption of petroleum coke (green and calcined) in the CIS
V.1. Supply-demand balance of petroleum coke in Russia in 1996-2013
V.2. Structure of consumption of petroleum coke in Russia
V.3. The main uses of petroleum coke in Russia
V.3.1. Production of anode paste and anodes
V.3.2. Production of graphite electrodes
V.3.3. Other areas primenenija8
V.4. Supply-demand balance of petroleum coke in Ukraine in 1999-2013
V.5. The main company-consumers of petroleum coke in the CIS, their projects
V.5.1. Aluminum Company in the CIS

JSC "RUSAL Krasnoyarsk" (Krasnoyarsk)
JSC "RUSAL Bratsk" - " (Bratsk, Irkutsk region).
JSC "RUSAL Sayanogorsk" - " (Sayanogorsk, Khakassia Republic)
JSC "RUSAL Novokuznetsk" - " (Novokuznetsk, Kemerovo region).
JSC "Volgograd Aluminium Plant - VgAZ - RUSAL" - " (Volgograd)

JSC "Tajik Aluminium Company" - " (TALCO) (Tursunzade, Tajikistan)

V.5.2. Electrode enterprises in Russia and Ukraine

JSC "Energoprom - Novocherkassk Electrode Plant" - " (EPM-NEZ, Novocherkassk, Rostov region)
JSC "Energoprom - Novosibirsk Electrode Plant" - " (EPM-NovEZ, pos. Linevo, Novosibirsk region)
JSC "Energoprom - Chelyabinsk Electrode Plant" - " (EPM-CEZ, Chelyabinsk)
JSC "Chelyabinsk Electric Factory" - " (CEMP, Chelyabinsk)
PJSC "Ukrgrafit" - " (Zaporozhye, Ukraine)

VI. Prospects for the development of petroleum coke market in Russia and CIS 2020

VI.1. Forecast of production of petroleum coke (green and calcined) in Russia and the CIS up to 2020
VI.2. Forecast of consumption of petroleum coke (green and calcined) in Russia up to 2020
VI.3. Balance of production and consumption of petroleum coke (green and calcined) in Russia up to 2020

Appendix 1: Contact information on producers of petroleum coke
Appendix 2: Contact information consumers of petroleum coke

Table 1: Properties of raw coke
Table 2: Specifications for oil refineries (according to GOST 9965-76)
Table 3: Suppliers oil refineries producing coke
Table 4: Product yield on delayed coker, % by weight
Table 5: Main characteristics of the types of delayed coking units used in refineries CIS
Table 6: Power on the calcination of green petroleum coke at the enterprises of the CIS
Table 7: Quality requirements for delayed coke (SC-8) according to GOST 22898-78
Table 8: Requirements for quality needle coke of delayed coking (CPD) in accordance with GOST 26132-84
Table 9: Requirements for quality petroleum coke sulfur delayed coking, TU 38101525-75
Table 10: Requirements for quality calcined petroleum coke
Table 11: Indicators of quality petroleum coke produced at refineries in Russia
Table 12: Production of petroleum coke in CIS by Make
Table 13: Type and number of existing delayed coking enterprises producing petroleum coke
Table 14: Production of petroleum coke in CIS countries in 1996-2013
Table 15: Capacities for the production of petroleum coke in CIS countries
Table 16: Production of raw petroleum coke enterprises in the CIS 1996-2013
Table 17: Production of calcined petroleum coke in CIS enterprises 1996-2013
Table 18: Consumers of petroleum coke and coking additive manufacturing "Ufaneftekhim" in 2009-2013
Table 19: Material balance USI "Ufaneftekhim" before and after reconstruction
Table 20: Specifications for additive coke production "Ufaneftekhim"
Table 21: Consumers of petroleum coke production "Novoil" in 2002-2013
Table 22: Distribution of petroleum coke by consumers in 2008-2013
Table 23: Consumers of petroleum coke produced by LLC "Lukoil -Volgograd" in 2003-2013
Table 24: Consumers of petroleum coke produced by LLC "Lukoil-Perm Refinery" in 2002-2013
Table 25: Consumers of petroleum coke of JSC "Gazprom Neft - Omsk oil refinery" in 2002-2013
Table 26: Consumers of petroleum coke of JSC "Novokuibyshev refinery" in 2002-2013
Table 27: Consumers of petroleum coke of JSC "Angarsk" in 2002-2013
Table 28: Quality requirements for low sulfur calcined petroleum coke of "Slates"
Table 29: Quality requirements for electrode coke, calcined in chamber furnaces of "Slates"
Table 30: Share of main types of production in commercial release in the "Plant" "Slates" in 2002-2011, %
Table 31: Supplies of raw coke in the "Plant" "Slates" in 2002-2013
Table 32: The main consumers of petroleum coke produced by "Slates" in 2002-2013
Table 33: Exports of crude coke Pavlodar refinery in 2002-2013
Table 34: Exports of coke (green and calcined) Atyrau refinery in 2002-2013
Table 35: Supplies of petroleum coke Baku refinery enterprises in Russia and in other countries in 2002-2013
Table 36: Supplies of petroleum coke at the Turkmenbashi oil refinery enterprises in Russia and the CIS countries in 2002-2013
Table 37: Share of exports of PJSC "Naftokhimik Prykarpattia" in total coke production in 1999-2011
Table 38: Export-import of coke (green and calcined) in Russia in 1996-2013
Table 39: Geographic pattern of Russian export of raw coke in 1996-2013
