Elevator and Escalator Market in the GCC 2014-2018

Description: About Elevators and Escalators

Elevators and escalators are deployed in buildings for the smooth and easy movement of people and goods within a building's premises. Elevators and escalators are installed in commercial buildings, residential buildings, mixed-used buildings, IT parks, hotels, restaurants, and retail outlets among others. They are also installed in public places to improve vehicle parking management. There are several types of elevators such as passenger elevators, freight elevators, vehicle elevators, and residential elevators.

The analysts forecast the Elevator and Escalator market will grow at a CAGR of 5.39 percent over the period 2013-2018.
