**Summary: Kronos Worldwide Inc. Aug 14**

**Description:**

Abstract

One of the largest global producers in the highly volatile titanium dioxide (TiO2) market Wide swings in profitability over the cycle Improving near-term industry conditions Generally favorable long-term industry dynamics Highly volatile cash flows and credit measures Improving near-term credit measures along with improving industry conditions Sufficient liquidity to endure industry cyclicality The stable outlook on Kronos Worldwide Inc. reflects our expectation that gradually improving industry conditions and more favorable raw material costs will continue to improve the company's operating results over the next few quarters to support adequate liquidity and financial measures appropriate for the ratings. We also expect that management will maintain a prudent approach to funding growth and returns to shareholder. For the current ratings, we expect...

Standard and Poors RatingsXpress Credit Research provides in-depth coverage of international corporates, financial institutions, insurance companies, utilities, sovereigns and structured finance programs. RatingsXpress Credit Research lets users determine the credit rating of holdings and identify key factors underlying an issuer’s creditworthiness, distinguishes the different risk exposures for new and existing deals, and provides an understanding of how their analysts interpret key regulatory, political and environmental events and their economic impact.

This product consists of a Summary Analysis: Bi-annual (at least). An abbreviated analysis containing Standard & Poor’s issuer credit ratings as of the time the article was published. The analysis includes a rating rationale - the basis on which the rating was assigned - and an outlook section if the issuer is not on CreditWatch. Financial statistics are not included.
